TELEPHONE CALL RECORD

Outgoing Call

Date: 5-19-03 Time: 10:20 a.m.

Company Name: Remington Arms

Contact Name: Sammy Bates
Phone No.: 501-676-4105

Name: Eleano- Codding

Eastern Research Group, Inc.

GENERAL SUBJECT: Under which ELG is Remington Regulated

TOPICS DISCUSSED AND ACTION TAKEN

I asked Sammy if he knew which ELGs covered Remington Arms water discharges. He said for 2000, it was 433 (Metal Finishing). For 5/2002 and beyond (date of their new permit), they are covered by 433, 468.12 (Copper Forming), Nonferrous Metal Forming, and 462 & 463 (Plastics molding & forming). Their lead discharge is currently covered by Nonferrous Metal Forming.

? Need to return call by / at/between and .
