The tour was incredible. Thanks to your company my inlaws who are not in good enough health to hike the Canyon or even sit through an 8 hour drive were able to enjoy the Canyon like everyone else. Keep up the good work!

Why? Why would you want to stop such a meaningful and educational experience. In this country we have lost so much as the population increases, as jobs are sent abroad why deprive people of an experience of a lifetime. My children will have this as a lifelong memory and hopefully pass it on. Why can't America the Beautiful be shared with its citizens. The beauty is breath taking & pristine. On my tour we were careful to protect its majesty. This is our country We should if able to see and appreciate if possible all thats available to be seen. Don't stop this service! Are you going to discriminate against people with disabilities. Remember the ADA act. Will you violate your own law?

COMMENTS Please do not take away the tours to the Grand Canyon. Seeing the canyon from the air is one of the most incredible sights ever, and shows the true magnitude of the Canyon. The site is just ~~not~~ not the same. We would hope these sights are the same for our future generations.

IMPRESSIVE WAY TO VISIT THE GRAND CANYON WITH VERY LITTLE IMPACT TO THE SURROUNDING AREA. I IMAGINE THIS WOULD BE MUCH LESS OF AN IMPACT ON THE AREA THAN MANY, MANY PEOPLE / MULES TROMPING UP & DOWN THE CANYON. THE HELICOPTERS SHOULD BE ALLOWED ~~THE~~ TO FLY THE SOUTH RIM TO THE BOTTOM. LOVE IT
