APPLICATION FOR APPROVAL OF AGREEMENT

Pursuant to statements submitted by Member airlines of the International Air Transport Association (IATA), the undersigned has been constituted to be their attorney-in-fact for filing with the Department of Transportation copies of agreements adopted by the IATA Traffic Conferences.

On their behalf, and pursuant to Sections 41308 and 41309 of Title 49 of the United States Code and Parts 303.03, 303.05 and 303.30(c) of Title 14 of the Code of Federal Regulations, I am filing with the Department this application for approval of an IATA agreement.

This agreement and related factual and explanatory material and documentation required by 14 C.F.R. 303.31 and Department and Civil Aeronautics Board (CAB) precedent are contained in the IATA Traffic Conference documentation summarized above.

This agreement arises from the continuing process of Tariff Coordinating Conferences and was developed in the context of prior Department and CAB rulings addressing related resolutions which reflected regulatory and market conditions then in effect. Thus, the present agreement should be viewed as part of a dynamic process of IATA Member airline adjustment to governmental and

economic factors.

On previous occasions, the Department has found such agreements to be consistent with the public interest when they do not result in fares or rates that are unlawful or injurious to competition in the markets at issue. Approval of the present agreement would not yield fares or rates that are unlawful or injurious to competition. Moreover, approval of this agreement, which reflects compromises among the differing economic and social philosophies of the many nations whose airlines are parties, will advance the public interest in maintaining good aviation relations with other countries.

We request early approval by the Department of the foregoing agreement, pursuant to 49 U.S.C. 41309, and the grant of full antitrust immunity, pursuant to 49 U.S.C. 41308.

The conferral of full antitrust immunity would be in the public interest and necessary for the transaction to proceed. This agreement is a product of the IATA Tariff Coordinating Conferences which the Department found to be anticompetitive but nevertheless approved and immunized in Order 85-5-32 (May 6, 1985) on foreign policy and comity grounds because such action is necessary to achieve the serious transportation need of maintaining good aviation relations with other countries and these benefits are not obtainable by reasonably available means having materially less anticompetitive effects.

This agreement concerns fares or rates only between non-U.S. points and thus has at most indirect application in foreign air transportation. The U.S. authorities have recognized (e.g., Order 79-8-194, August 30, 1979) that the interests of sovereign nations in the conditions governing air transportation between them greatly exceed any that the U.S. might have by reason of U.S. airline, citizen or shipper participation. This agreement is not adverse to the public interest and should be granted full immunity.

Respectfully submitted:

David M. O'Connor

TARIFF COORDINATING CONFERENCE REPORT

PASSENGER

TC2 Europe - Middle East
Geneva, 4-8 September 1995

This Conference was convened as the annual meeting of this sub-area to develop a package for the period 1 April 1996 - 31 March 1997. The meeting was attended by 31 TC Members.

MAIN RESULTS

1 Overall

An eight month package was adopted for intended effect 1 April 1996 expiring 31 December 1996. In addition a number of amendments were adopted to the current package for expedited effect. Fares and conditions between Europe and Israel continue to be excluded from the package.

2 Fares Structure

No significant changes were made to the fares structure.

3 Fare Levels

For expedited effect: 31 October 1995/1 November 1995

Fares from Bahrain, Oman, Qatar, United Arab Emirates were amended to remove a disapproved 2% increase.

Fares from Algeria were amended to reflect government approved levels, resulting in increases in the range of 20% to 41% on the current IATA database.

Increases in the range of 2% to 6% were adopted from selected countries. Details are shown in attachment A.

For effect 1 January 1996

Increases in the range of 2% to 10% were adopted from selected countries. Details are shown in attachment A.

For effect 1 April 1996

Increases in the range of 1% to 5% were adopted form selected countries. Details are shown in attachment B. Additional changes to fare levels are reflected in attachment C.

MAJOR ISSUES

European carriers were dissatisfied with the lack of increase from Iran, Kuwait, Lebanon and the low level of increase from Saudi Arabia, especially as this situation would persist until the first quarter of 1997. It finally proved possible to reach a consensus on an agreement which would remain in effect only 8 months up to 31 December 1996, thus permitting a review of fare levels from early 1997.

No consensus could be achieved on bringing fares between Europe and Israel into an IATA agreement and this part of the subarea continues to remain open.

OTHER COMMENTS/FURTHER ACTION

Period of application (seasonality) and minimum/maximum stay information was transferred from the fares tables to the Resolution text to facilitate the processing and presentation of this information by fares publishers.

ATTACHMENT A

TC2 Europe - Middle East
Geneva, 4-8 September 1995

(RESOLUTION 003D)

1) fares, except add-on amounts, intended for application on or after **1 November 1995** for transportation from Croatia to Middle East, from Jordan to UK shall be increased as follows:

FROM CROATIA TO MIDDLE EAST:

a) normal fares: increased 2% except 4% to Cyprus, Egypt, Iraq, Jordan, Kuwait, Lebanon, Syria

b) special fares: increased 3% except:

i) 6% to Cyprus, Egypt, Iraq, Jordan, Kuwait, Lebanon, Syria

ii) 6% on fares in Resolutions 080bb, 080ee, 092q

FROM JORDAN TO UK:

c) intermediate class fares in Resolution 042d increased 3%

2) the manner of revising shall be to apply the increases shown above to the local currency specified fares, such fares being rounded in accordance with Resolution 024d

(RESOLUTION 003H)

1) normal fares, except add-on amounts, intended for application on or after **1 January 1996** for transportation from Europe to Middle East shall be increased as follows:

a) from Bosnia and Herzegovina: fares increased 10%

b) from Macedonia (FYROM): fares increased 5%

c) from Slovenia:

i) normal fares: increased 4%

ii) special fares: increased 6%

d) from Switzerland: fares increased 2%

e) from Yugoslavia:

i) except to Cyprus: fares increased 10%

ii) to Cyprus: fares increased 5%

ATTACHMENT B

TC2 Europe - Middle East
Geneva, 4-8 September 1995

(Resolution 003i)

1 fares, except add-on amounts, intended for application on or after 1 April 1996 for transportation between Europe and Middle East shall be increased as follows:

2 **From Europe**

a) from Albania, Armenia, Azerbaijan, Estonia, Latvia, Lithuania, Malta (except no increase to Cyprus), Poland, Spain, Turkey: fares increased by 3%

b) from Algeria, Belarus, Bulgaria, Denmark, France (to Egypt, Jordan, Lebanon, Syria only), Georgia, Germany, Iceland, Moldova, Morocco, Norway, Portugal, Sweden, Tunisia: fares increased by 2%

c) from Croatia: fares increased by 4%

d) from Greece: fares increased by 5% except fares in Resolution 092q increased by 8%

e) from Ireland, UK:

i) intermediate class fares in Resolution 042d increased by 4% except 3% to Saudi Arabia

ii) first class fares increased by 2%

3 **From Middle East**

a) from Bahrain, Oman, Qatar, United Arab Emirates: first class fares and intermediate class fares in Resolution 042d increased by 3%

b) from Egypt:

i) normal fares increased by 3%

ii) special fares increased by 2%

c) from Iraq, Sudan: fares increased by 5%

d) from Jordan: fares increased by 4%

e) from Saudi Arabia: fares increased by 1%

f) from Syria: fares increased by 2%

g) from Yemen: fares increased by 3%

4 the manner of revising shall be to apply the increases shown above to the local currency specified fares, such fares being rounded in accordance with Resolution 024d

Tariff Coordination

19 September 1995

MEMORANDUM

TC2 Reso/P 1804

TO: Members Participating in Tariff Coordinating Conferences (SP-0732)

FROM: Director, Tariff Coordination

SUBJECT: TC2 Passenger Tariff Coordinating Conference
Geneva, 4 - 8 September 1995
TC2 EUROPE-MIDDLE EAST RESOLUTIONS
Intended Effective Date: 1 April 1996

Attached are TC2 Europe-Middle East Resolutions which were adopted at the above meeting for an intended effective date of 1 April 1996.

The filing period for the attached Resolutions ends **20 November 1995**. Members are reminded of their obligations under Resolutions 001 and 006 to advise this office by the end of the filing period whether approval by their Government authorities is required and, if so, to accomplish the necessary filing formalities. The effective date will be declared in accordance with Resolutions 001 and 006, when all the known necessary Government approvals have been received.

Filing formalities with the US and Canadian Governments, as applicable, will be accomplished by IATA.

Richard A. Bauer

PASSENGER TARIFF COORDINATING CONFERENCE 2

EUROPE-MIDDLE EAST

GENEVA, 4-8 SEPTEMBER 1995

MINUTES

OPENING OF MEETING

1 The Chairman, Mr R Ganz, opened the 68th Meeting of Passenger Tariff Coordinating Conference Europe-Middle East at 1100 hours on Monday, 4 September 1995. The Conference had been convened by Memorandum COMP Meet/P 0223, dated 2 June 1995.

2 Members were reminded that the Executive Committee of IATA had determined that any packages adopted by the Conferences should only be put into effect upon the declaration of effectiveness by IATA. This ruling formed part of the Provisions and must be complied with.

ATTENDANCE RECORD

3 The Attendance Record is at Attachment 'A'.

DETERMINATION OF VOTING MEMBERSHIP

4 The Voting Membership for the area remained as established for the Composite Meeting of Passenger Tariff Coordinating Conferences held in Montreal, 1-4 August 1995, as shown in Attachment 'B' to the Minutes of that meeting.

EXAMINATION OF CREDENTIALS OF ACCREDITED REPRESENTATIVES AND ALTERNATES

5 The accreditation received by the Secretariat was examined and found to be in accordance with the Provisions for the Conduct of the IATA Traffic Conferences.

RELATIONS WITH THE PRESS

6 The Conference was reminded that relations with the press are governed by Resolution 035.

STATUS OF AREA

7 The Status of Area is at Attachment 'B'.

APPROVAL OF MINUTES OF PREVIOUS MEETINGS

8 The Minutes of the following meeting were approved:

Passenger Tariff Coordinating Conference 2
Europe-Middle East
Geneva, 6-13 September 1994
Memorandum TC2 Meet/P 0343 dated 8 November 1994

MR PAUL CIOCHON

9 The Conference Secretary, Mr Jurek Delimata, advised Members that the usual Secretary, Mr Paul Ciochon, had been recently hospitalised for back surgery. He was now convalescing and sent his best wishes to the Members for a successful meeting. The Conference requested the Secretary to convey all good wishes to Mr Ciochon for a speedy recovery.

EXPEDITED ITEMS - FOR INTENDED EFFECTIVENESS 31 OCTOBER 1995

HAJ PERIOD - 1996

10 SV advised that the Haj period reflected in Resolutions should be amended to 20 March-21 April 1996. This was actioned in Resolutions 070kk, 075zz, 076q, 080bb, 085e and 090b with expedited effectiveness 31 October 1995.

SPECIAL FARES: PERIODS OF APPLICATION/VALIDITY

11 To simplify Resolutions, and in anticipation of the IATA data base conversion to FACS, effective 1 April 1993, this Conference transferred periods of application for special fares from the Resolution texts into the fare records.

12 IATA had now been advised that this produced a heavy manual workload for the tariff publishers/data suppliers and system providers, who had requested that seasonality/ periods of application be removed from the fare records and returned to the Resolutions. Regarding the minimum and maximum stays, they had asked that these be retained in the fare records and also reflected in the Resolutions.

13 It was therefore proposed to reinstate periods of application and validity into either the Resolution text, or as a Table attached to the Resolution. For this purpose the currently applicable information had been manually uplifted from the fares records and circulated to Members. They were requested to verify the accuracy of the information and to confirm that there was no objection to removing periods of application from the fares records, and reinstating periods of application and minimum/maximum stays into the appropriate Resolutions.

14 Support for the proposal to include the information into the individual Resolutions was recorded by AF AZ BA IB IR JP JU LH LO LZ ME MS OA OU RJ RO SR SU SV and this was actioned on an expedited basis for intended effectiveness 31 October 1995.

SPECIAL FARES: PROPOSED EDITORIAL AMENDMENTS TO RESOLUTIONS

15 There was no opposition to the Secretariat proposal to amend certain Resolutions for the purpose of standardisation.

16 This involved reflecting the standard definition of an open jaw, i.e. turnaround open jaw in Paragraph 1) of Resolutions 074b, 076q, 080aa, 080bb and 085e.

17 Further, Resolution 085a was deleted as there were no fares in the Attachments. Resolutions 085e and 085ee applied only from Romania and were amended by deletion of reference to other European countries.

NEW PROPOSALS

RESOLUTION 002e - SPECIAL AMENDING RESOLUTION BETWEEN EUROPE AND MIDDLE EAST

18 BA proposed that the fares tables be reviewed in line with government approvals/disapprovals in order to create a reliable base from which to work. Some anomalies had arisen in view of the UK CAA's disapproval of BA's own filings, after filing by IATA and declaration of effectiveness. There was no opposition to amending the base to correct these levels and this action is reflected in Resolution 002e.

Fares from Bulgaria to Bahrain

19 As supplied by LZ, a technical amendment was made to the fare levels of Resolution 076q from Varna to Bahrain.

Periods of Application from Bulgaria - Resolution 076q

20 A technical amendment was made to the periods of application from Sofia, Varna to Bahrain.

EXPEDITED ITEMS - FOR INTENDED EFFECTIVENESS 1 NOVEMBER 1995

RESOLUTION 001gg - SPECIAL PROVISIONS RESOLUTION BETWEEN EUROPE AND MIDDLE EAST
RESOLUTION 002q - SPECIAL AMENDING RESOLUTION BETWEEN EUROPE
AND MIDDLE EAST

Filings made under the Provisions of Resolution 001gg

21 In accordance with the provisions of Resolution 001gg, filings received by the Secretariat and circulated up until 31 July 1995, were placed on the agenda for review by the Conference. Where agreed for inclusion in the package, amendments were made to the pertinent Resolutions and actioned by inclusion in Resolution 002q, except for a BA filing which was included in Resolution 003d as reflected below.

RESOLUTION 002q - SPECIAL AMENDING RESOLUTION BETWEEN EUROPE AND MIDDLE EAST

Commonration of Fares from Yemen to Amsterdam, Frankfurt

22 KL advised that their proposal to commonrate all fares from Yemen to Amsterdam with those applicable to Frankfurt was a technical correction. This had been agreed when they had commenced operations but, at the last Conference, fares from Sanaa were re-established at the Aden levels; fares from Aden to Amsterdam had not been commonrated with those to Frankfurt and this was how the current situation had arisen. Although LH was initially opposed to the proposal, they abstained upon advice that fares to Copenhagen and Paris were already commonrated with those to Frankfurt.

23 The proposal was agreed and the appropriate action taken where necessary, i.e. for normal fares and fares under Resolution 092q. This was actioned by inclusion in Resolution 002q.

Fares from Algeria

24 The Secretariat circulated details of increased government approved fares from Algeria to the Middle East which had been provided by AH. Carriers reviewed the fares and, where possible, the data base would be amended to reflect the revised levels.

25 Other action taken on fares from Algeria was their despecification to Aden, Sanaa and the cancellation of special fares from Algeria to Amman, Beirut, Damascus. The amended levels from Algeria are attached to Resolution 002q.

RESOLUTION 003d - GENERAL INCREASE RESOLUTION FROM CROATIA TO MIDDLE EAST, FROM JORDAN TO UNITED KINGDOM

Intermediate Class Fares from Jordan to UK

26 A BA filing made under the provisions of Resolution 001gg, which contained a 3% increase in fares under Resolution 042d from Jordan to UK, was actioned by inclusion in Resolution 003d.

Fares From Croatia

27 OU proposed increases in fares from Croatia to the Middle East on both normal and special fares in view of the depreciation of the US Dollar (in which their fares were specified) and of their own local currency. Support for the increases as proposed was recorded by AF AZ JP JU OK OS OU and there was no opposition. Resolution 003d reflected a 2% increase on normal fares except 4% to Cyprus, Egypt, Iraq, Jordan, Kuwait, Lebanon, Syria. Special fares were increased by 3% except 6% to Cyprus, Egypt, Iraq, Jordan, Kuwait, Lebanon, Syria and except 6% on fares in Resolutions 080bb, 080ee, 092q.

RESOLUTION 015v - ADD-ON AMOUNTS (EXCEPT IN USA)

Bonn over Dusseldorf

28 Normal fares for Bonn are presently established as a zero add-on over Dusseldorf. LH proposed to establish special fares' add-ons for Bonn over Dusseldorf in Section 2, Attachment D7 (Area 230) thereby commonrating Bonn and Cologne, which are served via a common airport. The proposal was agreed.

Port Said over Cairo

29 MS proposed to introduce zero add-ons for Port Said over Cairo in view of the proximity of the two points. The proposal was opposed by AZ BA IB JU KL ME OA RJ TP. OA did not believe there were any international flights from Port Said and were not prepared to accept the absorption involved in such a proposal. Carriers generally shared this view and BA pointed out that they could accept an add-on amount provided it was equal to the domestic fares; for intermediate and first class these were USD49 and 51 respectively. KL shared this view.

30 MS clarified that they did operate international flights from Port Said and that a government order to apply a zero add-on over Cairo was in effect. However, in view of the opposition to their proposal, they were willing to introduce add-on amounts for Port Said over Cairo of EGP34 for one way normal fares and EGP68 for round trip special fares. Opposition to the proposal was recorded by BA IB JU ME OA RJ and was ruled defeated. However, discussion was reopened on this proposal in connection with fares increases from Egypt and, based on MS's acceptance of a normal fares increase of 3% and a special fares increase of 2% on 1 April, carriers were able to reluctantly abstain on add-ons for Port Said over Cairo of EGP68 for first class, EGP51 for intermediate class and EGP34 for economy class one way fares. An add-on for special round trip fares was established at EGP68.

Croatia

31 In order to avoid current anomalies and to meet market requirements, OU proposed to delete Note 17 from Resolution 015v, TC2 (Section 2) Attachment 'D7', between Pula, Rijeka, Split, Zadar and Area 230. Deletion of this Note would then allow construction of fares for these points under Resolutions 072ee and 076q which was currently not permitted. There was no opposition to the proposal which was agreed.

RESOLUTION 076q - SPECIAL EXCURSION (PEX) FARES FROM EUROPE TO MIDDLE EAST

Introduction of Fares from France to Tehran

32 AF proposed to introduce fares from Paris, Lyon, Marseille, Mulhouse, Nice and Strasbourg to Tehran, equal to the normal one way economy class fare. The fares would be applicable 1 November-1 March, and would have a minimum/maximum validity of 10/45 days.

33 A vote on the proposal revealed the opposition of BA IR KL OS SR. BA recommended that a Christmas blackout period apply, and AF suggested one of 15 December-15 January, which was acceptable. Other carriers' opposition was based on their dissatisfaction with the low levels and, in addition to this, IR KL did not wish to see the introduction of PEX fares to Iran.

34 In addition to the Christmas blackout, AF were prepared to increase the fare levels to 110% of the normal one way economy class fare. However, the opponents to the original proposal maintained their opposition and the proposal was defeated.

RESOLUTION 091i - FAMILY FARES BETWEEN EUROPE AND MIDDLE EAST

Cancellation of Resolution

35 BA proposed cancellation of these fares due to their dilutionary effects on revenue. They saw no reason whatsoever why several half price tickets should be issued on the basis that one passenger had purchased a full fare ticket and believed that this made absolutely no economic sense. BA, and other carriers were investing heavily in their intermediate classes of service in order to improve them and they considered that a retroactive step had been taken at the previous Conference when it had been agreed to allow half price travel in intermediate class. Although they did not sell the fares, they could not prevent passengers from buying tickets on other carriers and then using them on BA services.

36 A vote on the proposal revealed that AF AZ BA IB KL LH OA supported cancellation of the fares while AZ JP supported its retention with restricted application. Opposition to cancellation was recorded by AZ KU LO LZ ME MS SR SU SV.

37 IB LH fully supported the BA comments and, if it was not possible to cancel the fares, they called for deletion of the facility in intermediate class. In contrast to this view SU advised that, because of the market situation, they wished to maintain these fares from the Russian Federation. However, they would consider cancellation of intermediate class from the Resolution. The other carriers opposing cancellation also wished to maintain the fares.

38 BA suggested that an amendment be made to their proposal to apply to intermediate class fares only, and that entire cancellation be carried forward to the agenda developed for effect 1 April 1996.

39 The Chairman took a vote on application of the facility in economy class only and this was supported by AF AZ BA IB JP JU KL LH LO OA but opposed by LZ KU ME MS SU SV. RJ abstained on the proposal.

40 BA believed carriers were fully aware of the damaging effects on revenues that had resulted from the previous year's conference action and appealed to them to reconsider, at least, the deletion of intermediate class fares from the Resolution. LZ MS advised that they would be prepared to abstain on the proposal but KU ME SU SV required that the current conditions of the Resolution be maintained. A vote on deletion of the intermediate class facility, except from Saudi Arabia, Kuwait, Lebanon and Russian Federation was opposed by ME MS SV.

41 BA referred to the KL proposal to increase the percentage paid by the spouse, where discussions had led to the proposal of a blackout period and they requested the Chairman to take another vote on this issue. Introduction of a blackout period between 1 June-30 September and between 12 December-5 January, except from Lebanon and Russian Federation, was opposed by ME MS.

42 In reiterating that the spouse paid 65% of the intermediate class fare from the UK and Ireland BA questioned whether this could be extended to apply to all points but KU ME SU SV were opposed.

43 Finally, BA requested that UK, Ireland be excluded from the facility to travel in intermediate class but this was opposed by KU ME SV. KU SV could accept the proposal from the UK/Ireland but not to UK/Ireland, while ME required status quo to/from Lebanon.

44 The eventual outcome of discussions resulted in an amendment to Paragraph 3) of Resolution 091i to stipulate that from Ireland, United Kingdom to Middle East except Lebanon, the spouse would pay 65% of the applicable normal economy class fare, i.e. the facility to travel in intermediate class from UK, Ireland was eliminated except to Lebanon.

45 Paragraph 6) was also amended to reflect blackout periods for travel in intermediate class between 1 June-30 September and between 12 December and 5 January, except to/from Egypt, Jordan, Kuwait, Lebanon, Russian Federation, Saudi Arabia and Syria where travel was permitted all year.

46 At the request of BA, their proposal to cancel the fare was included in the agenda submissions proposed for effectiveness 1 April 1996.

EXPEDITED ITEMS - FOR INTENDED EFFECTIVENESS 1 JANUARY 1996

RESOLUTION 002u - SPECIAL AMENDING RESOLUTION FROM YUGOSLAVIA TO MIDDLE EAST

Cancellation of Fares in Resolutions 080bb, 080ee from Yugoslavia

47 There was no opposition to the JU proposal to cancel fares under Resolutions 080bb and 080ee from Yugoslavia.

RESOLUTION 003h - GENERAL INCREASE RESOLUTION FROM EUROPE TO MIDDLE EAST

Fare Levels from Switzerland

48 SR proposed a 3% increase to special fares from Switzerland for effect 30 March 1996, in order to recover inflation costs. ME MS SV were opposed to the proposal to their respective countries, but SR saw no reason to exclude them. SR amended their proposal to 2% increase and this was opposed by SV. RJ questioned the reason for an effective date of 30 March 1996 and it was ascertained that this would allow earlier release of the fares. However, SR accepted an effectiveness date of 1 January 1996 and a 2% increase was included in Resolution 003h noting the opposition of SV.

49 SR also proposed a 2% increase on normal fares from Switzerland, effective 1 January 1996. This was initially opposed by ME MS RJ SV. RJ removed their opposition upon standardisation of the effective dates for increases from Switzerland at 1 January 1996. A further vote revealed the opposition of SV with regard to the increase to Saudi Arabia, but the Chairman included the increase in Resolution 003h with an intended effective date of 1 January 1996, noting the opposition of SV.

Between Europe and Middle East

50 Because of cost increases and currency developments - particularly the decreased value of the US Dollar and related currencies - which had caused considerable yield erosion in accounting currencies of many Member carriers operating in this Area, OS proposed a general increase of 5% from the Middle East and from countries with weak currencies neighbouring Austria; these were Croatia, Czech Republic, Hungary, Poland, Romania, Slovakia and Slovenia. Support for the proposal was recorded by AF BA IB JP OS OU but it was opposed by CY IR KU LO MA ME MS OK RJ SV. The Middle East based carriers generally sought status quo from their respective countries. RJ clarified that they were opposed to expedited action, although they also considered 5% was too high an increase.

51 MA would welcome increases from the Middle East to alleviate the current imbalances but, from Hungary, they were not in a position to increase fares in view of the several currency-related increases that had been applied during the past year and which exceeded the amount of the devaluation. OK advised the Conference that their currencies were very stable and, therefore, they required status quo from the Czech Republic and Slovakia.

52 It was thus only possible to increase fares from Croatia and Slovenia, which were the subject of proposals by OU and JP respectively.

53 From Croatia, increases were applied as reflected under Resolution 003d, with an intended effective date 1 November 1995.

From Slovenia

54 From Slovenia, JP proposed a 2% increase on normal fares with an exception of 4% to certain countries, and 3% on special fares with an exception of 6% to certain countries in Resolutions 080bb, 080ee and 092q. OS requested a higher increase in view of the imbalance in fares from Ljubljana with those from Vienna and JP amended their proposal for normal fares to 4% and for special fares to 6% without exception. SV were opposed to the proposal; JP explained that they were not a direct operator and were losing a great deal of revenue based on the currency value. To this end, they appealed to SV to accept their proposal. The Chairman advised that the revised proposal of 4% on normal fares and 6% on special fares without exception from Slovenia would be included in the package noting the position of SV. Resolution 003h reflected these increases with an intended effective date of 1 January 1996.

From Bosnia-Herzegovina, Macedonia (FYROM), Yugoslavia

55 JU initially proposed a 14% increase on all fares (except Resolutions 080bb/080cc where fares were cancelled from Yugoslavia to Middle East) from Yugoslavia to the Middle East, except 5% to Cyprus. This was supported by AF OK OS OU RJ. ME were not opposed to the proposal per se but believed the differential was too great between the proposed increase to Lebanon and that to Cyprus. JU amended their proposal to a 10% increase to the Middle East except 5% to Cyprus and this was acceptable to the Conference.

56 JU added to their proposal a 10% increase from Bosnia-Herzegovina and 5% increase from Macedonia (FYROM) to the Middle East. This was not opposed and the increases were actioned by inclusion in Resolution 003h.

EXPEDITED ITEMS - FOR INTENDED EFFECTIVENESS 30 MARCH 1996

RESOLUTION 015v - ADD-ON AMOUNTS (EXCEPT IN USA)

Normal Fares

57 For the purposes of streamlining the structure, SR required to establish a zero add-on for Lugano over Zurich for normal fares to/from Abu Dhabi, Cairo and Dubai. The proposal was opposed by BA ME MS who would not oppose the establishment of an add-on at an appropriate level. SR amended their proposal by the deletion of Cairo and a further vote revealed the opposition of BA ME RJ SV. The proposal was defeated.

Resolutions 072ee, 076q, 080bb

58 SR required specification of fares Lugano-Cairo at the Zurich Cairo levels. This was defeated by the opposition of BA MS.

DEVELOPMENT OF PACKAGE FOR EFFECTIVENESS 1 APRIL 1996

IATA RATE OF EXCHANGE

59 The rate of exchange used at this Conference was the IROE of 1 October 1995.

CHARGES IN RESOLUTION TEXT

60 A listing of charges in the text of TC2 Europe-Middle East Resolutions was circulated for Members' information. Following a review of the charges, these were amended in respect of the Minimum Tour Price from France in Resolution 080aa, which meant that France would now fall under the general rule of 105% of the air fare.

ITEMS REFERRED FROM THE COMPOSITE CONFERENCE

61 Members were provided with amendments to Paragraph 14) of Resolutions 072d, 072ee and 079d as a result of action taken at the Composite Conference to define the term "Local Combination". The amendments were noted.

FARES TABLES

Amendments to Fares Tables

62 For Members' information, the Secretariat had circulated a listing of Memoranda which amended the Fares Tables circulated by Memorandum TC2 Fares 1337 dated 18 November 1994.

Review of Fares Tables

63 BA requested that a review take place of the presentation of data and conditions in the fares tables following difficulties experienced by their system providers. They believed that the presentation was not user friendly because the tables were issued by city and not by Resolution.

64 As far as the fares tables for Conference use were concerned, it was the consensus that the current presentation should remain.

65 For the tables issued after the Conference which were used for filing purposes, BA suggested that these contain normal fares in one section with the special fares grouped by Resolution, i.e. not in tariff format. LH shared this view and support was expressed by AF MA. However, the following carriers believed the layout should remain unchanged: AZ CY JP JU KU LO LZ ME OA OK OS OU SU SV. AZ clarified that they were satisfied with the current presentation; if, however, some carriers had problems with it and it was amended, then they hoped that this would not involve additional costs.

66 The Secretary suggested that a solution might be to publish the tables in the same layout as last year and to make special arrangements for those carriers seeking a different format. This issue would be taken under advisement within the Secretariat when the preferences of all other Subareas had been ascertained.

NEW PROPOSALS

Introduction of Fares from Iran to Armenia, Azerbaijan

67 In view of the proximity of the points involved, IR proposed to establish fares in Resolutions 042d, 052d, 062d and 072d from Tehran to Yervan (Armenia) at the Baku levels and from Tabriz to Baku (Azerbaijan) at the Tehran levels. BA outlined their problem with the fare levels from Iran in general and were not in favour of introducing more low fares in the absence of any increases from Iran.

68 The Chairman included the IR proposal in the package, noting the negative position of BA.

Introduction of Fares between Gibraltar and the Middle East

69 BA proposed to introduce fares between Gibraltar and the Middle East equal to the Malaga levels by using a differential over Madrid. The proposal was included in the package which reflected that, between Gibraltar and Middle East, normal and special fares are added equal to equivalent fares to/from Madrid plus ESP25800 for first class, ESP15850 for intermediate/economy class and ESP15650 for special fares. Special fares were added to Resolutions 072d, 072ee and 076q in this respect.

Despecification of Fares from Yemen

70 SK withdrew their proposal to despecify fares from Yemen to points without direct air services.

Cancellation of Fares from Scandinavia to Baghdad, Basra, Santa Katarina and Tour Sinai

71 SK proposed to cancel fares from Scandinavia to points without scheduled air services, i.e. Baghdad, Basra, Santa Katarina and Tour Sinai. The proposal was supported by BA IB JU KL LH SK, but opposed by MS RJ. MS were not opposed to deleting fares to Santa Katarina and Tour Sinai, provided the applicable add-ons were maintained. This was confirmed. RJ withdrew their opposition provided the proposal was limited to fares from Scandinavia. The proposal was therefore agreed and included in the package.

72 Deletion of fares from Europe to the four points was supported by BA IB JU LH SK but opposed by AF AY AZ OS RJ and by KL in respect of Baghdad and Basra and this proposal was defeated.

RESOLUTION 001a - SPECIAL APPLICABILITY RESOLUTION

73 Resolution 001a provided for the adoption of the following Resolutions for application between points in the Europe-Middle East Subarea except between Europe and Israel: 001gg, 001pp, 005cc, 042d, 052d, 062d, 070ii, 070jj, 070kk, 071e, 072d, 072ee, 074b, 075zz, 076q, 079d, 080aa, 080bb, 080ee, 084aa, 085e, 085ee, 085pp, 087u, 090b, 090bb, 091i, 092b, 092dd, 092q and 115d.

RESOLUTION 002 - STANDARD REVALIDATING/AMENDING RESOLUTION

74 Resolution 002 revalidated the following Resolutions for application between points in the Europe-Middle East Subarea: 001gg, 001pp, 005cc, 042d, 052d, 062d, 070ii, 070jj, 070kk, 071e, 075zz, 079d, 080ee, 084aa, 085ee, 085pp, 087u, 091i, 092b, 092dd, 092q, 115d.

RESOLUTION 003i - TC2 GENERAL INCREASE RESOLUTION

75 Carriers' requirements with regard to fare levels were reviewed and refined during Policy Group and Conference sessions. However, there remained a certain divergence of opinion with regard to the increases included in Resolution 003i between those carriers who required more substantial increases in fare levels from the Middle East and those who required status quo. Also of concern to some Members was the opposition of the Middle East based carriers to increases, or more substantial increases, from certain points in Europe to the Middle East.

76 Further discussion on this issue took place at final voting and the fare levels as finally adopted are reflected in General Increase Resolution 003i.

RESOLUTION 015v - ADD-ON AMOUNTS (EXCEPT IN USA)

Norway

77 BA proposed to introduce or amend add-ons over Oslo for the Norwegian points of Aalesund, Molde, Kristiansund, Trondheim, Roros, Bodo, Evenes, Tromso and Longyearbyen. They advised that there was traffic to/from these points and they had submitted the proposal to all the Area Conferences. SK were opposed to the proposal as add-ons did not currently exist for the points concerned. A vote revealed the opposition of AY SK and the proposal was defeated.

Sudan

78 The SD proposal to introduce add-ons for Port Sudan and Juba over Khartoum was defeated by the opposition of BA KL ME MS.

Aqaba over Amman

79 To meet market requirements, LO proposed to introduce fares between Warsaw and Aqaba based on the Warsaw-Amman structure. They suggested the fare levels be set at the Amman levels plus USD25/50 for one way and round trip fares.

80 There was no opposition in principle to the proposal although it was suggested that an add-on amount be applied for Aqaba over Amman. BA suggested the amounts of USD30 for economy and intermediate one way fares, USD40 for first class and USD60 for round trip special fares. These amounts were agreed and included in the Attachments to Resolution 015v, converted at the 1 October 1995 IROE.

RESOLUTION 042d - INTERMEDIATE CLASS FARES

Differential for Intermediate Class over Economy Class Fares

81 BA KL proposed that intermediate class fares be increased to at least 115% of economy class fares where they are currently lower. BA wished to improve their yield on the intermediate class product, particularly in view of the substantial investment made to improve this class of service. A vote on the proposal revealed AF AZ BA IR JP JU KL LH LO LZ ME OU RJ RO SR SU in support and AY IB KU MA OS SK SV TP opposed. Most of the opposing carriers required status quo from their own countries but were more flexible to their countries. The package reflected a differential from Hungary to the Middle East of 110% of the economy class fares and from Middle East to Hungary at 115%, except from Kuwait to Hungary at 113% and from Saudi Arabia to Hungary at 110%.

82 The package initially reflected 115% of economy class fares for intermediate class fares from Bahrain, Oman, Qatar, United Arab Emirates to Europe but this was deleted at the time of final voting and alternative action taken. Discussion is reflected under final voting.

Differential for Intermediate Class over Economy Class Fares - Austria

83 LH proposed to establish intermediate class fares where not currently established at a minimum differential of 5% above economy class fares in order to facilitate quotation and calculation in systems for interline purposes. This proposal was directed particularly at fares from Vienna but, as pointed out by OS, their economy class fares from Vienna were already higher than the intermediate class fares from London. In

addition, they were not in a position to establish intermediate class fares on this route because the equipment operated did not warrant such action.

84 LH amended their proposal to call for the establishment of intermediate class fares at the economy class levels for Vienna and a vote on the proposal revealed the opposition of BA ME MS OS. BA recalled that OS had been excluded from the package for many years because they were unable to include intermediate class fares. When they had again joined the package, it was on condition that carriers would introduce an intermediate class fare at a differential over economy class.

85 After further discussion, a proposal was developed whereby intermediate class fares from Vienna would be established equal to the current economy class fares, except to Iran and to Saudi Arabia, where a differential of 12% already existed. This proposal was opposed by BA ME. ME were opposed in principle to intermediate class fares equal to economy class, as were BA, although BA recognised that the economy class levels from Austria were already high.

86 The proposal was initially defeated by the opposition of BA ME but the issue was reopened at the time of final voting where discussion is reflected.

CHILDREN'S FARES

RESOLUTION 042d - INTERMEDIATE CLASS FARES
RESOLUTION 052d - FIRST CLASS FARES

Children's Fares from Saudi Arabia to Europe - Resolutions 042d, 052d

87 SR proposed to increase children's fares from the current 50% to 67% of the applicable adult fare in Resolutions 042d and 052d from Saudi Arabia to Europe. A vote on the proposal revealed the support of AF BA SR but it was opposed by AY AZ IB JU LH LZ MA ME OS SK SU SV. Both IB and LH clarified that they were opposed to the higher discount in principle but, if a uniform solution could be found for the entire area, then they could abstain. A vote on increased children's fares only in first class from Saudi Arabia to Europe was opposed by AY LH ME OS SU SV.

88 The Chairman ruled the proposal defeated.

Between Europe and Saudi Arabia, United Arab Emirates, Kuwait, Iran - Normal Fares

89 AF proposed to establish children's fares at 67% of the applicable adult fare for travel between Europe and Saudi Arabia, United Arab Emirates, Kuwait and Iran. In view of the discussions held already on the issue, the Chairman took a vote on the proposal. This was supported by AF BA KL but defeated by the opposition of AY AZ IB IR JU KU LO LH LZ ME OS SK SU SV.

From Europe - Resolutions 072ee, 076q, 079d and 080ee

90 SV proposed to standardise children's fares, particularly in Resolutions 072ee, 076q, 079d and 080ee from Europe to the Middle East at 67% of the applicable adult fares.

91 A vote on the proposal revealed the support of AY BA IB JU KL OA OS SV TP but it was opposed by LH LO LZ ME RJ SK SU. ME abstained on the proposal and KU RJ reserved their positions. A further vote, to amend children's fares to 67% of the applicable adult fare for all special fares, was opposed by LH LO LZ SK SR SU. RJ reserved their position. The opposing carriers preferred to retain 50% and the proposal was defeated.

From Poland - Resolution 076q

92 LO proposed to re-establish children's fares from Poland to Middle East at 50% of the applicable adult fare. The proposal was initially opposed by BA KL ME OS SV and later also by MA OK. LO were unable to persuade the opposing carriers to accept the proposal and the Chairman ruled it defeated.

SEASONALITY - PEX FARES

93 A vote was taken on the SV proposal to cancel the seasonality from all PEX fares between Europe and the Middle East and to retain the peak fare level all year, and this revealed the support of LH OS SV. However, opposition was recorded by AF AZ BA IB JU KL MA ME MS RO SR SU. The opposing carriers generally concurred with the BA comment that there was indeed a seasonal traffic flow with more traffic at certain times of the year; therefore, it made no sense to eliminate the seasonality. SV suggested that another vote be taken based on retaining the low season fare all year but this revealed similar opposition. Based on the voting record, the proposals were defeated.

RESOLUTION 070kk - EXCURSION FARES FROM EUROPE TO MIDDLE EAST

Specification of Fares from Scandinavia to Beirut, Damascus

94 As fares were not specified from Scandinavian points to Beirut and Damascus, SK proposed that these be added at the same level as fares to Amman. There was no opposition to specifying the fares but MS required that the fares be established at the Cairo and not the Amman levels.

95 SK's objective had been to streamline the structure but if the fare levels were increased this would reduce demand for the fares and undermine their proposal. MS maintained their opposition and the proposal was defeated.

RESOLUTION 072d - EXCURSION FARES FROM MIDDLE EAST TO EUROPE

Seasonality

96 To reflect the traffic flows, BA proposed to introduce seasonality from the Middle East, as reflected below, with basic season fares equal to the current levels and peak season 10% above the basic:

Basic	15Sep-09Dec
	07Jan-14Jun
Peak	10Dec-06Jan
	15Jun-14Sep

97 The proposal was supported by AF BA IB JP JU KL LZ MA OA OS OU RO SK SR SU but opposed by IR KU ME SV. The MS requirement that, from Egypt, the seasonality reflect the same periods as for Resolution 074b was acceptable to BA. However, IR KU ME SV were opposed to the proposal, because of the high levels and based on the fact that they sought status quo as far as seasonality was concerned.

98 RJ were not opposed in principle to the proposal but felt that an increase of 10% in the current levels was excessive. To this end, they suggested the peak level be established by increasing the current level by 5% and the basic by reducing the current level by 5%. This counterproposal was supported by BA KL SR but IR KU ME SV maintained their opposition.

99 BA were unable to remove the opposition and the proposal was defeated.

Seasonal Fares from Egypt

100 In order to maintain a relationship between these fares and PEX fares under Resolution 074b, SR proposed to introduce seasonal fares from Egypt under Resolution 072d, with peak fares to equal current fare levels and basic fares 10% lower. Seasonality would be the same as that applicable to Resolution 074b.

101 A vote on the proposal revealed the opposition of AF AZ BA IB JU KL MA ME MS OS SK SU TP. Carriers did not favour the introduction of seasonal fares from Egypt in isolation and were generally opposed to a 10% decrease in the fare levels. The proposal was defeated.

Maximum Stay

102 LO proposed to extend the maximum stay from the Middle East to Poland from two to three months. This was opposed by BA IR LH ME MS OS RJ. OS clarified that they were not in favour of extending the maximum stay for Warsaw in isolation and suggested that this apply Europe-wide. Although supported by AF AZ JP LO LZ OS OU SU SV, it was opposed by BA IB IR LH ME MS RJ. From Egypt to Poland in isolation, opposition was recorded by AF LH ME MS OS SU and the proposals were ruled defeated.

Stopover Charge

103 SR proposed the introduction of a stopover charge of EGP100 per stopover which was defeated by the opposition of IB MS, who felt that the levels for this excursion fare were already high.

RESOLUTION 072ee - EXCURSION FARES FROM EUROPE TO MIDDLE EAST

Seasonality

104 BA proposed to introduce seasonality as reflected below, with basic season fares equal to the current levels and peak season 10% above the basic:

Basic	15Sep-09Dec
	07Jan-14Jun
Peak	10Dec-06Jan
	15Jun-14Sep

105 Opposition to the proposal was recorded by AF AY AZ IB KL KU LH MA ME MS OS RJ RO SV. Carriers generally felt the levels to be already sufficiently high while others saw no need for seasonality from their countries. KL advised that they too favoured a seasonal approach but, because of the high levels, seasonality would be better created by reducing rather than increasing the current levels - a view shared by RJ. MS clarified that they could accept the proposal provided it applied also to Amman, Beirut and Damascus while ME were opposed to application to Beirut and Damascus.

106 Following further discussions, opposition to the proposal was recorded by AF KU ME MS OS RJ SV and the proposal was defeated.

Minimum Stay

107 In order to standardise their structure, AF proposed that the minimum stay be reduced from 10 to seven days from France to Iran. Although supported by AF AZ SU, this was opposed by IR KL LH SR who saw no reason to reduce the validity which, over the longer term, would lead to reduced revenue. Opposition was maintained by IR LH SR and the proposal was defeated.

Minimum/Maximum Stay From Italy

108 AZ proposed to extend the maximum stay to six months from Italy to all points in the Middle east and to reduce the minimum stay from Italy to Iran from 10 days to six days. OS SU favoured this proposal and added their requirement for a six months' maximum stay from Austria and from the Russian Federation respectively. However, a vote on extension of the maximum stay and reduction of the minimum stay revealed the opposition of AF IB IR KL KU LH LO ME MS RJ SR SV TP , generally because they believed this would render the fares too liberal and would result in dilution of the normal fares. IR added that the reduction in the minimum stay to Iran was also unacceptable. The proposals were defeated.

109 AZ counterproposed a maximum stay of three months from Italy but this was defeated by the opposition of IR ME MS.

RESOLUTION 074b - SPECIAL EXCURSION (PEX) FARES FROM EGYPT, LEBANON, SAUDI ARABIA, SYRIA TO EUROPE

Construction with Add-ons

110 RB proposed that construction with add-ons be permitted to/from Syria, while BA KL simply proposed that construction with add-ons be permitted as a general rule. BA advised that fares under this Resolution were now becoming the going fare, more so than the excursion fare. To be realistic, they believed construction with add-ons should be permitted to enable use of the fares to points where add-ons existed. A vote on the proposal revealed the support of AF AZ BA IB KL OS SR SV TP (TP not seen by Chairman so I guess he should be deleted) and the opposition of JU LH ME RJ.

111 LH clarified that, in view of the low levels to Germany, they would not wish to permit construction with add-ons as far as travel to Germany was concerned. Similarly, JU could abstain if Yugoslavia was excluded from the proposal. ME RJ were opposed in principle, based on the loss of revenue which would result, especially when comparing the low add-on amounts with the level of the full domestic fares.

112 BA amended their proposal to permit add-on construction in Europe from Saudi Arabia and from Egypt, except in Yugoslavia and Germany. This was opposed by JU LH ME MS RJ. MS clarified that they were now opposed to the proposal because of the exceptions, particularly that for Germany.

113 BA attempted a further counterproposal which would permit add-on construction in Europe (except in Germany and Yugoslavia) for travel from Saudi Arabia only. JU LH ME RJ remained opposed.

114 In appreciating carriers' concern with the existence of zero add-ons, BA advised that none existed either in the UK or in Saudi Arabia. To this end, they limited their proposal to add-on construction in the UK for travel from Saudi Arabia. This was opposed by OS who would have preferred wider application in Europe but they abstained on the amendment.

115 Paragraph 14) of Resolution 074b was amended to reflect add-on construction in the UK for travel from Saudi Arabia but, prior to final voting, SV requested that add-on construction not be limited to the UK.

116 RJ did not oppose the amendment as the proposal remained limited to travel from Saudi Arabia. ME were able to abstain following reconfirmation that there were no zero add-on amounts in Saudi Arabia. LH abstained on the proposal on the clear understanding that similar requests would not be entertained at the next Conference. ME RJ associated themselves with the comments made by LH.

117 Paragraph 14)A)1) of Resolution 074b was amended to reflect that from Saudi Arabia to UK, constructions were permitted with add-on amounts.

RESOLUTION 075zz - ADVANCE PURCHASE EXCURSION FARES FROM EUROPE TO MIDDLE EAST

Cancellation of Fares from Scandinavia

118 SK proposed cancellation of these fares from Scandinavia because of lack of demand. The only cities currently specified from Scandinavia were Amman, Beirut, Damascus. However, this proposal had been made in anticipation of the introduction of excursion fares under Resolution 070kk which had been unsuccessful. The fares remained in the structure, their cancellation defeated by the opposition of ME RJ.

RESOLUTION 076q - SPECIAL EXCURSION (PEX) FARES FROM EUROPE TO MIDDLE EAST

Amendments to Fare Levels and Conditions from Italy

119 In order to align the structure with the needs of the market, AZ proposed to amend the fares levels and conditions from Italy to Middle East as follows:

- Validity: Six days/three months to all points;
- Levels from Rome, Milan to Egypt to be increased by ITL90000;
- Add fares from Rome to Tehran, Shiraz at ITL1725000;
- Levels from Rome to Jeddah, Riyadh, Madinah, Dhahran, Kuwait, Baghdad, Bahrain, Abu Dhabi, Sanaa, Khartoum, Doha, Aden and Muscat to be applicable all year.

120 A vote on the proposal revealed the opposition of AF BA IR KU ME MS OS SR SU SV. Carriers were opposed to various parts of the proposal. IR OS were opposed to the introduction of fares from Rome to Tehran, Shiraz and the proposal was defeated. MS were opposed to a three months' maximum validity and to an increase of ITL90,000 on fares to Egypt which represented an augmentation in the region of 8%-10%. AZ amended their proposal to a 4% increase on fares from Rome, Milan to Egypt and this was agreed.

121 KU ME were opposed to all year application while several carriers were opposed to extension of the maximum validity. Notwithstanding a counterproposal of two months' maximum validity, this feature remained unchanged.

122 In an attempt to render their proposal more acceptable, AZ proposed a minimum validity of six days from Italy to Egypt. This was not opposed and the Resolution was amended accordingly.

123 With regard to the all year application, AZ advised that they would be prepared to apply a peak level 5% above the current fares, which would apply during the current blackout period. This was included in the package, and the Resolution was amended to reflect the seasonality except to Saudi Arabia where status quo prevailed at the insistence of SV, i.e. all year application except for the blackout during the Haj period.

Amendments to Fare Levels and Conditions

Fare Levels

From Netherlands

124 KL's proposal for revised fare levels from Amsterdam to points in the Middle East was included in the package as proposed, but discussion was reopened at the time of final voting when revised levels were agreed, as reflected in the finally adopted Chairman's package.

Periods of Application

From Netherlands

125 Extension of the peak period as proposed by KL from Amsterdam to Lebanon, Syria to 1 April-31 October from the current 1 April-30 September, was defeated by the opposition of ME.

126 As proposed by KL, it was agreed to extend the peak period from Amsterdam to Cyprus to 1 April-30 November from the current 1 April-30 September.

127 The KL proposal to introduce a new peak season from Amsterdam to Egypt and Sudan was defeated by the opposition of MS.

128 KL proposed to change the peak season from Amsterdam to Abu Dhabi, Aden, Bahrain, Dhahran, Doha, Dubai, Jeddah, Kuwait, Madinah, Muscat, Riyadh and Sanaa but this proposal was defeated by the opposition of ME.

Minimum/Maximum Stay

From Netherlands

129 KL proposed to standardise the minimum/maximum validity from Amsterdam at 6 days/2 months to all points. Opposition by various carriers precluded agreement on any amendment to the maximum stay but the minimum was standardised at six days from the Netherlands.

Minimum Stay

From Europe to Cyprus

130 CY proposed to amend the minimum stay to the Sunday Rule from Europe to Cyprus. This was opposed by BA KL ME. BA questioned whether such a short minimum stay would be used by tourists. KL were not opposed to the proposal per se but having standardised the minimum stay from the Netherlands at six days, they would not wish to make an exception for Cyprus.

131 CY clarified that the Sunday Rule already applied from certain points and they now required application from Amsterdam, Brussels, Moscow and Paris. In view of the position of KL they were prepared to forego inclusion of Amsterdam; however, ME remained opposed. The Chairman advised his intention to include the Sunday Rule in the package from Belgium, France, Luxembourg and the Russian Federation to Cyprus, noting the opposition of ME.

Refund for Cancellation and No-Show

From Turkey

132 TK proposed to add an exception to Subparagraph 19)A)1) for travel from Turkey to refund the fare paid less USD50. This was agreed.

Rebooking and Rerouting

From Turkey

133 TK proposed to add an exception to Subparagraph 20)A)1) for travel from Turkey to permit rebooking and rerouting at a charge of USD50 per transaction. This was agreed.

From Belgium

134 There was no opposition to the OA proposal to add an exception to Subparagraph 20)A)2) for travel from Belgium to permit rebooking and rerouting at a charge of BEF3000.

RESOLUTION 080bb - INDIVIDUAL INCLUSIVE TOUR FARES FROM EUROPE TO MIDDLE EAST

Transfer of Fares from Greece to Resolution 085e

135 In view of the misuse of IIT fares from Greece and the consequent dilution of revenue from excursion fares, OA proposed to transfer fares from Greece to GIT Resolution 085e. The fare levels would reflect the current 080bb fares, increased by 10% and a group size of five passengers would apply. There was no opposition to this proposal which was included in the package.

Fare Levels from Italy

136 As proposed by AZ, fare levels were increased from Rome to Cairo, Alexandria, Aswan, Hurghada, Luxor, Beirut, Amman and Damascus by ITL30000.

Introduction of Fares from Italy

137 The AZ proposal to add all year fares from Rome to Abu Dhabi, Bahrain, Doha and Dubai was included in the package following an amendment to the proposed levels. BA recorded their dissatisfaction of the introduction of new fares for tourists, without seasonality.

Maximum Stay

138 The AZ proposal to standardise the maximum stay at one month from Italy to all points in the Middle East was agreed.

RESOLUTION 085e - GROUP INCLUSIVE TOUR FARES FROM EUROPE TO MIDDLE EAST

Deletion of Reference to Germany

139 There were no specified fares from Germany under Resolution 085e and LH proposed to delete reference to Germany from the Resolution. This proposal had already been actioned under the expedited Secretariat submission of proposed editorial amendments which suggested deletion of reference to all European countries except Romania, and now Greece as reflected below.

Addition of Fares from Greece

140 As proposed by OA and as outlined under Resolution 080bb, GV5 fares were added from Greece reflecting the current Resolution 080bb levels increased by 10%.

RESOLUTION 085ee - GROUP INCLUSIVE TOUR FARES FROM EUROPE TO MIDDLE EAST

Deletion of Reference to Germany

141 There were no specified fares from Germany under Resolution 085ee and LH proposed to delete reference to Germany from the Resolution. This proposal had been actioned by the expedited Secretariat submission of proposed editorial amendments which suggested deletion of reference to all European points except Romania.

RESOLUTION 085pp - GROUP INCLUSIVE TOUR FARES FROM MIDDLE EAST TO EUROPE

Transfer of Fares to New IIT Resolution

142 MS proposed to transfer GIT fares from Egypt under Resolution 085pp to a new individual inclusive tour fares Resolution at the current Resolution 085pp levels. A similar proposal by SV called for all fares in this Resolution to be transferred to a new IIT facility. Although the latter proposal was supported by ME MS SV, it was opposed by BA IB JU LH OA OS RO mainly because carriers felt that the transfer should be coupled with increased levels; ME MS SV were opposed to increased levels. JU OA RO required that the GIT be maintained to their countries and KU required status quo from Kuwait.

143 The Chairman took a vote on an amended proposal whereby an IIT fare would apply from the Middle East except to Romania, Yugoslavia, except from Kuwait to Europe and from Egypt to Greece. Opposition to this proposal was expressed by AF BA IB LH OK OS. Again, carriers were not opposed to the change from GIT to IIT fares but they required that this be coupled with increased levels.

144 Taking Egypt in isolation, a vote was taken on changing the GIT to IITs increased by 2%, except to Greece, Romania and Yugoslavia where the GIT would remain. AF IB LH ME OK OS were opposed to this proposal.

145 RJ suggested that, where the IITs would apply, a peak period be established from 15 June-15 September with levels increased by 10%. This was opposed by IB LH ME MS OS SV. As it appeared that the proposal could not be further developed to the mutual satisfaction of all carriers, the Chairman ruled both the MS and SV proposals defeated.

RESOLUTION 090b - HAJ FARES FROM EUROPE TO MIDDLE EAST

Percentage Level from the Netherlands

146 KL advised that the 118% mentioned in Paragraph 3) Fares, was related to the normal economy class one way fare. As they had increased the one way fare to counter the misuse of combining two one way fares, the resultant level of this fare was unrealistic in the market. Therefore, they proposed to adjust the percentage from the Netherlands to 70% of the normal economy class one way fare.

147 SV could accept 100% of the one way fare from all points in Europe and, although this was an improvement on the current situation, KL did not feel this was a sufficient reduction. Conversely, OA advised that the fares from Greece were rather low and they preferred to maintain 118% from Greece. The Resolution was thus amended to reflect a percentage of 100% of the applicable normal economy class one way fare, except from Greece where it remained at 118%.

RESOLUTION 090bb - UMRAH FARES FROM EUROPE TO MIDDLE EAST

Percentage Level from the Netherlands

148 For the same reasons as expressed under Resolution 090b, KL proposed to adjust the percentage from the Netherlands from 105% to 60% of the normal economy class one way fare.

149 SV could accept 80%, except from Greece where they believed status quo at 105% should be maintained. Although KL were opposed because of the insufficient reduction, the Resolution was amended to reflect 80% of the normal economy class one way fare, except from Greece where it remained at 105%.

Periods of Application - Umrah Period

150 The Resolution was amended to reflect the revised Umrah period as advised by SV, of 17 June 1996-7 February 1997.

RESOLUTION 091i - FAMILY FARES BETWEEN EUROPE AND MIDDLE EAST

Fares for Accompanying Spouse

151 At last year's meeting, it was agreed to add the facility of intermediate class fares for the accompanying spouse. However, based on one year's experience KL proposed to either delete this facility or, failing this, to increase the amount paid by the spouse to 75% of the intermediate class fare.

152 AF BA IB JP JU KL LH OA OU supported cancellation of the fares while KU ME RJ SR SU SV were opposed. RJ clarified that they were opposed to total cancellation but could consider increasing the fare paid by the spouse to 60% or 65% instead of the current 50%. However, the opposing carriers believed the fares did attract passengers and increased their revenue; therefore they required status quo on the entire facility.

153 KL then proposed cancellation between Europe and the Gulf - Bahrain, Oman, Qatar, United Arab Emirates - but this was opposed by RJ ME SV who did not favour cancellation from the Gulf. It was then suggested that an increased percentage be applied - as proposed by KL - of 75% of the intermediate class fare. The economy class fares would remain at 50% for the spouse. A vote on the amended percentage revealed the support of AF IB LH LO OA OU but it was opposed by KU ME SU SV, all of whom required status quo from their countries. SR recorded their abstention.

154 Discussion then turned to the introduction of a blackout period between 1 June-30 September and between 12 December-5 January, during which time the spouse could only travel in economy class. LH ME SU were opposed to the proposal; LH believed this proposal to be the least acceptable thus far and appealed to carriers to consider the other propositions. However, as the proposal had incurred the least opposition, LH very reluctantly abstained. The Chairman then took another vote on the proposed blackout but excluding travel commenced in the Lebanon and in the Russian Federation. This incurred the opposition of MS who were opposed to the exception for Lebanon and of ME who required an exception both to and from the Lebanon. Amended to include to/from Lebanon, the vote was opposed by BA KL MS.

155 As it was impossible to reach a consensus on any of the proposals, the Chairman ruled them defeated

Early Expiry Date

156 As a result of the amendments to BA's expedited proposal, they requested that their requirement to cancel the Resolution be transferred to the main agenda. In view of the lengthy discussions which had taken place on both BA's expedited proposal and the above KL submission, a vote was taken on BA's requirement to attach to the Resolution an expiry date of 30 March 1997. This was supported by AF BA KL LH OA but defeated by the opposition of KU ME MS RJ SV.

Clarification of Resolution Text

157 LH believed the text was unclear as it did not stipulate that the spouse must sit in the cabin of service for which his/her ticket had been purchased. It was the view of other carriers, however, that this intent was inherent in this Resolution as with all other Resolutions. No amendment was therefore made to the Resolution text.

RESOLUTION 092q - YOUTH, STUDENT FARES BETWEEN EUROPE AND MIDDLE EAST

Fare Levels from Poland

158 LO required to increase the levels of the youth/student fares from Poland to Middle East points and to re-establish them equal to half of the PEX levels from Warsaw under Resolution 076q. This proposal was agreed.

Introduction of Fares Between Manchester and Cairo

159 Based on their operations, MS proposed to introduce youth/student fares between Cairo and Manchester. Following a slight amendment to the fare levels, the proposal was acceptable to BA and to the Conference.

Construction with Add-On Amounts to/from Syria

160 In absentia, RB proposed to permit constructions with add-on amounts to/from Syria. The proposal was defeated by the opposition of BA IB JU LH ME OU RJ SV.

EUROPE-ISRAEL

Background

161 The Chairman recalled that it had been a number of years since an agreement had been reached in respect of Europe-Israel fares. At the July 1995 Passenger Tariff Conferences Steering Group Meeting the issue had been addressed and the decision made that discussions should take place in an endeavour to reach an agreement once again. One of the main problems prompting this decision had been the display in systems of "industry" fares which were apparently the fares agreed between the national carriers on the routes concerned and thus were bilateral rather than multilateral. In this respect, the Report of the Steering Group reflected that if no consensus was reached at the meeting, the system providers would be advised that there was no basis for the industry fares being displayed and as such they should be removed from their systems.

162 Following the Steering Group discussions, and recognising that Europe-Israel formed part of the agenda of the Europe-Middle East Conference, it had been decided that discussions would be held at this Conference.

General Discussion

163 Details had been provided of the fares available from Russian Federation, Spain, Austria to Israel and from Israel to Europe. The proponents - IB OS SU - all favoured the conclusion of an agreement on fares between Israel and Europe. The Chairman also ascertained that 15 other European-based carriers supported in principle attempts to reach an agreement. European carriers raised problems with the current situation which included the following:

- the prohibition on transfers for the industry fares shown in the systems, precluded carriers from interlining at these fares which were mainly from Israel
- the incomplete nature of the current fares structures which generally covered only those points served by LY
- the inability of carriers without direct operations to conclude bilateral fares or introduce carrier fares
- the inability of carriers to participate in multilateral discussions covering the fares from other European points, without an IATA agreement
- the late distribution of fares information to the system providers
- the absence of a reliable source for the available fares for publication purposes

- the uncertainty surrounding application of the business class surcharge.

164 LH SN indicated their willingness to conclude initially an agreement covering only the higher rated fares, if it proved impossible to include all existing fare types. They held the view that even an agreement of such a limited nature would serve to remove some of the confusion existing in the market. However, it was noted that KL continued to hold the view that any agreement should contain all fares, and that all fares should be interlineable and thus open to all carriers.

165 In addressing the issues raised by the European carriers, LY advised that the fares published as industry fares were derived from bilaterally agreed fares and as such were, in their opinion, industry fares. On these fares there were no restrictions on interlining except for the low fare types where no transfers were permitted. However, they pointed out that this approach was taken in other areas and they would insist that the low fares included in any future agreement retain a prohibition on transfers.

166 Having confirmed that the fares were interlineable, LY believed that any confusion in the market concerning the issue of interlining could be resolved and advised that the rules attached to these fares were available in the SITA AIRFARE system.

167 In respect of the absence of fares for some European points, LY clarified that fares between Israel and each country were negotiated according to an agreement between the two countries concerned and were based on the agreement of the two designated carriers. If there was no agreement between Israel and a country and between LY and the other designated airline then there could be no fares between Israel and that country.

168 In considering whether or not to enter into an IATA agreement, LY had examined the issue against the background of what would be of benefit to all airlines, including LY. If they found that the existing mechanism was the most beneficial, then they did not wish to enter into an IATA agreement. To this end, bearing in mind the need for carriers to introduce new fares, to change existing fares and to be able to increase fares to the extent acceptable in a market, LY had concluded that the current mechanism was indeed more beneficial than that afforded by an IATA agreement. While they therefore wished to continue without an agreement, they acknowledged that there was room for improvement in respect of information provided for publications and to ensure carriers clearly understood the conditions attached to all available fares.

169 With respect to the possible cancellation of the current fares from the systems, LY believed that this would serve only to create problems for all carriers and they required that these fares remain in the system.

170 BA sought clarification regarding the LY statement that all the existing fares were interlineable since, for example, travel from Israel to Oslo could only be on the services of SK and LY; travel was not permitted on BA as this required a connection in London. BA also believed that in assessing the benefits or otherwise of an IATA agreement, the impact on passengers - as well as airlines - should be taken into account.

171 LY reiterated that the fares were all interlineable "based on their conditions" and that transfers were not permitted on the low fares. As a consequence, if a passenger's routing could not be accommodated by a low fare with transfer restrictions, the passenger could pay a higher level, e.g. the excursion fare, and use several carriers over the routing. Alternatively, a low fare with transfer restrictions from Tel Aviv to Paris and return for example, could be used on the direct services of AF and/or LY. It was apparent that the definition of interlineable for LY differed from that of most other carriers.

172 With reference to the requirement of LY that current transfer limitations be retained in any IATA agreement, SN pointed out that the agreement could provide for LY to specify on which fares they were not prepared to interline and this could be covered by appropriate language in the Resolution without requiring that all other carriers could also not interline at that fare. Although the Chairman pointed out that details such as these could be addressed when an agreement appeared more likely, LY advised the unacceptability of such an approach. While they realised that other carriers currently offered the non-interlineable fares with transfers, they would not accept that this practice would be formalised in any IATA agreement.

173 Although the Chairman suggested that consideration be given to the possibility that an agreement be concluded only with regard to fares to Israel, KL advised that this was not an option in their opinion. KL believed that LY saw two main obstacles to concluding an agreement:

> **Firstly**, the degree of flexibility afforded by an IATA agreement. KL discounted this as a valid argument since existing agreements allowed carriers the flexibility to act as and how they wished by means of varying enabling resolutions. They believed the IATA machinery should be used for the distribution and publication of fare information.

Secondly, the willingness to conclude a multilateral agreement and whether or not all fares in such an agreement should be interlineable. KL pointed out that while agreements had been concluded in which not all fares were contained, in the case of Europe-Israel such an approach was not feasible when any such excluded fare had to be either to or from Israel, i.e. the focal point of that agreement. Nevertheless, they questioned whether the objectives of LY were really met by having non-interlineable fares. As an example, KL pointed out that a non-interlineable fare to London did not prevent KL selling that same fare for travel via Amsterdam but it did prevent KL from interlining with LY at that fare level. Again, KL believed that the LY position could be accommodated in the official IATA fares so that their interline rights and market share were protected without imposing constraints on other carriers. This could be achieved by allowing an international transfer on all fares with provision for a carrier to elect not to interline on certain fares.

174 In respect of the suggestion to allow a transfer on all fares and a facility for a carrier to opt out of interlining, LY stated their inability to place themselves in such an uncompetitive position and that they would continue to require no transfers on the low fares.

175 Recognising that - even with a consensus on the part of all carriers - an agreement could not be finalised at this Conference, the Chairman asked Members whether, having heard the comments of all carriers, they believed that a further meeting should be held. He seriously doubted the benefit of pursuing such a course when the one carrier not supporting an agreement was LY.

176 The Chairman also believed that further discussions would be jeopardised if carriers insisted on the inclusion of all fares in any agreement. To this end he established that 12 carriers (AY AZ JP LH LO LZ JU MA OS OU SU TP) supported the calling of a special IATA Europe-Israel Conference on the basis that certain low fare types initially would not form part of a possible agreement developed by that meeting.

177 Eight carriers (AF BA IB KL LY SK SN SR) could not support such a meeting. LY advised that the fares which would be excluded would be those presenting difficulties in the current situation and there would be no improvement if an agreement only covered the higher rated fares which already permitted interlining. Although IB in principle supported such action, having heard the comments of LY and based on past experience, they did not believe that such a meeting would be successful and therefore could not be in support. In the absence of flexibility from certain carriers, SN shared the concern of IB that such a meeting would be futile.

178 The conclusion of an agreement containing all existing fares between Europe and Israel - as shown in the SITA AIRFARE data base, including the current conditions would be acceptable to AY JP LZ OS OU SU. Conversely, such an IATA agreement would be opposed by AF AZ BA KL LY SK SN SR.

179 Based on the voting record the Chairman again expressed the view that there appeared little likelihood of further discussions being beneficial. He therefore advised his intention to report this to the Steering Group who could take the final decision.

180 OS, however, disagreed and advised that the meeting should take place, recognising that any agreement would be subject to government approval. BA had voted against a further meeting but if one was held they would attend. However, they suggested that there should be no pre-condition regarding what any agreement should or should not contain. While they continued to oppose such a meeting, LY advised that they would attend.

181 Based on the discussion and knowing LY's position, the European carriers were asked to advise who believed that a meeting should be called with no condition regarding the scope of the agenda. Seventeen carriers (AF AZ BA IB JP JU KL LH LO LZ MA OA OS OU SN SU TP) replied in the affirmative. Accordingly, the Chairman advised that there was a possibility that a meeting would be called, although it was recognised that no action would be taken for the next fares period.

FINAL VOTING

Expedited Resolutions

182 The following Resolutions were presented to the Conference for voting purposes:

Effective 31 October 1995

Resolution 002e	Special Amending Resolution
Resolution 070ii	Excursion Fares between Cyprus and United Kingdom, from Switzerland to
Resolution 070jj	Excursion Fares from Middle East to Europe
Resolution 070kk	Excursion Fares from Europe to Middle East
Resolution 071e	Excursion Fares between Cyprus and United Kingdom
Resolution 072d	Excursion Fares from Middle East to Europe
Resolution 072ee	Excursion Fares from Europe to Middle East
Resolution 074b	Special Excursion (PEX) Fares from Egypt, Lebanon, Oman, Saudi Arabia, Syria to Europe
Resolution 075zz	Advance Purchase Excursion Fares from Europe to Middle East
Resolution 076q	Special Excursion (PEX) Fares from Europe to Middle East
Resolution 079d	Creative Fares
Resolution 080aa	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 080bb	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 080ee	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 085e	Group Inclusive Tour Fares from Romania to Middle East
Resolution 085ee	Group Inclusive Tour Fares from Romania to Middle East
Resolution 085pp	Group Inclusive Tour Fares from Middle East to Europe
Resolution 090b	Haj Fares from Europe to Middle East

183 A vote was taken on each of the above Resolutions. No opposition was recorded and the Resolutions were declared adopted.

Effective 1 November 1995

Resolution 002q	Special Amending Resolution
Resolution 003d	General Increase Resolution from Croatia to Middle East, from Jordan to United Kingdom
Resolution 015v	Add-on Amounts (Except in USA)
Resolution 091i	Family Fares

184 A vote was taken on each of the above Resolutions. No opposition was recorded on Resolutions 002q, 003d, 015v and these Resolutions were declared adopted.

185 BA ME were opposed to Resolution 091i, ME because the Resolution was expedited and BA because the amendments made to the Resolution were by no means sufficient. BA had required much more radical changes to the Resolution for the reasons they had outlined during the Conference. They also deplored the last-minute requirement advised by SU in that they would not allow the blackout to apply to the Russian Federation. Although BA believed difficulties would arise if the blackout did not apply to Europe without exception, SU were unable to change their position and required that the exception to the blackout be maintained both to and from the Russian Federation.

186 BA reluctantly abstained on the Resolution but advised their intention to take the proposal further at the next Conference. ME also reluctantly abstained in order to achieve an agreement and Resolution 091i was declared adopted.

Effective 1 January 1996

Resolution 002u	Special Amending Resolution from Yugoslavia to Middle East
Resolution 003h	General Increase Resolution from Europe to Middle East

187 A vote was taken on each of the above Resolutions. No opposition was recorded and the Resolutions were declared adopted.

Effective 1 April 1996

188 In addition to the Chairman's Package as developed during Conference and Policy Group sessions, a vote was taken on the following Resolutions:

Resolution 001a	Special Applicability Resolution
Resolution 001gg	Special Provisions Resolution
Resolution 001pp	Special Emergency Escape for Europe-Middle East Agreement
Resolution 002	Standard Revalidating/Amending Resolution
Resolution 003i	General Increase Resolution
Resolution 005cc	Delayed Effectiveness Inclusive Tours Europe to Middle East
Resolution 015v	Add-on Amounts (except in USA)
Resolution 042d	Intermediate Class Fares
Resolution 052d	First Class Fares
Resolution 062d	Economy Class Fares
Resolution 070ii	Excursion Fares between Cyprus and United Kingdom, from Switzerland to Cyprus
Resolution 070jj	Excursion Fares from Middle East to Europe
Resolution 070kk	Excursion Fares from Europe to Middle East
Resolution 071e	Excursion Fares between Cyprus and United Kingdom
Resolution 072d	Excursion Fares from Middle East to Europe
Resolution 072ee	Excursion Fares from Europe to Middle East
Resolution 074b	Special Excursion (PEX) Fares from Egypt, Lebanon, Oman, Saudi Arabia, Syria to Europe
Resolution 075zz	Advance Purchase Excursion Fares from Europe to Middle East
Resolution 076q	Special Excursion (PEX) Fares from Europe to Middle East
Resolution 079d	Creative Fares
Resolution 080aa	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 080bb	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 080ee	Individual Inclusive Tour Fares from Europe to Middle East
Resolution 084aa	Group Fares from Scandinavia to Middle East
Resolution 085e	Group Inclusive Tour Fares from Greece, Romania to Middle East
Resolution 085ee	Group Inclusive Tour Fares from Romania to Middle East

Resolution 085pp	Group Inclusive Tour Fares from Middle East to Europe
Resolution 087u	Group Fares between Tunisia and Middle East
Resolution 090b	Haj Fares from Europe to Middle East
Resolution 090bb	Umrah Fares from Europe to Middle East
Resolution 091i	Family Fares
Resolution 092b	Student Fares between Cyprus and United Kingdom
Resolution 092dd	Group Youth Fares from Lebanon to Europe
Resolution 092q	Youth, Student Fares between Europe and Middle East
Resolution 115d	Meeting Fares and Practices

189 The following voting record was established:

Support for the package:

CY IR JP JU KU LZ OA OK OU RO SU.

Abstentions on the package:

AT AZ IB LO MA ME MS RJ.

Opposition to the package:

AF BA IY KL LH OS SK SR SV.

190 The opposing carriers outlined their reasons for opposition as follows:

IY - advised that fares from Yemen had been increased by 318.4% in July 1995 and they could not accept the 5% increase included in the package.

SK - were opposed to the lack of increases from Lebanon and Iran, and the insufficient increase from Saudi Arabia. However, their main reason for opposition was the large increase from Bahrain, Oman, Qatar, United Arab Emirates to Scandinavia in order to establish intermediate class fares at 115% of the economy class fares.

SR - sought higher increases from Saudi Arabia, especially for normal fares;

- were unable to accept status quo on fares from Iran.

OS - expressed grave concern at the status quo situation on fares from Iran, Kuwait and Lebanon, and the small increases from Saudi Arabia;

- were disappointed at the absence of the solution developed as a consequence of LH's proposal to facilitate fare quotation and calculation of intermediate class fares from Austria.

AF - insisted upon a higher increase in fares from Saudi Arabia; one per cent was quite insufficient, especially on normal fares. They also opposed status quo on fares from Iran and Lebanon;

- had supported cancellation of the Family Fares and were thus disappointed at the lack of action taken with regard to making the fare's conditions more restrictive.

LH - advised that the increases applied in this Subarea did not meet their economic criteria and requirements, thus preventing any alleviation of the prevailing currency imbalances. The position taken by carriers opposing increases had lacked any convincing arguments, especially with regard to fares from Iran, Kuwait and Lebanon, and to the low increases applied from Saudi Arabia;

- were opposed to the defeat of their proposal to establish fares under Resolution 042d from Austria to the Middle East at the present economy class fare levels in order to facilitate quotation. They regretted that the proposal had been defeated by a vote of principle, particularly when the economy class fares from Vienna were so high. As a publishing carrier they required that a solution be found to this technical problem.

KL were dissatisfied with the lack of increases from the Middle East, particularly from Iran, Kuwait and the minimal amount applied from Saudi Arabia;

- regretted the inclusion of spouse fares in the package which were detrimental to carriers' yields and hoped that, at the next Conference, Members would realise the necessity to take further action in this respect. Having recorded their views, KL abstained on this issue.

BA - were opposed to the package in view of the lack of increases from the Middle East, particularly from Iran, and to the small increase from Saudi Arabia. BA were particularly disappointed that Members had but this one opportunity to meet and to discuss fares increases for the period 1 April 1996 through 31 March 1997, and yet they were faced with the negative attitude of carriers who, year after year, refused to discuss reasonable increases. It must be made worthwhile for BA to continue to attend the Conferences and one reason they did so was because of the possibility to discuss increases to cover commercial requirements and costs.

- were disappointed at the inclusion in the package of family fares without further amendment but, in light of their comments made on expedited Resolution 091i, they abstained on the issue.

SV - were opposed to the increases included in the package. They had originally required status quo to/from Saudi Arabia but had compromised on a 1% increase from Saudi Arabia and increases from European countries with weak currencies to Saudi Arabia. However, they required status quo from Ireland, UK to Saudi Arabia due to the already very high fare levels but again, they would be prepared to accept a 1% increase in normal fares from Ireland, UK.

- were unable to accept the fare levels from Amsterdam to points in the Middle East which had been included in the package under Resolution 076q;

- were disappointed at the defeat of their proposal to convert GIT fares to IITs from the Middle East to Europe but were prepared to abstain on this issue.

DISCUSSION ON/REMOVAL OF NEGATIVE VOTES

Fare Levels from Yemen

191 The Chairman advised IY, who had arrived at the Conference for the Final Voting session, that development of the package had not been an easy task and he found it disturbing that a carrier attended the final session of the Conference and voted negatively on the package. Having said this, the Chairman questioned whether there would be any opposition to deleting the 5% increase on fares from Yemen from Resolution 003i. BA KL LH were opposed to the general lack of increases from the Middle East and this deletion would not improve the package. They pointed out that the recently applied 318.4% increase from the Yemen did not generate any extra revenue but simply maintained the NUC value of the currency. IY remained firm in their opposition to any increase from the Yemen. The Chairman reverted to this issue during the final stages of the Conference, where discussion is reflected.

Intermediate Class Fares from Bahrain, Oman, Qatar, United Arab Emirates to Scandinavia, Finland

192 SK were opposed to the excessive increase involved from Bahrain, Oman, Qatar, United Arab Emirates to Scandinavia, Finland in intermediate class fares which were currently at 103% of the economy class fares. BA suggested that this problem could be resolved by deleting from the Chairman's package under Resolution 042d, reference to the re-establishment of fares from Bahrain, Oman, Qatar, United Arab Emirates to Europe at 115%. This action would be coupled with inclusion of intermediate class fares with the first class fares increase of 3% from Bahrain, Oman, Qatar and United Arab Emirates to Europe. This was acceptable to the Conference, and SK recorded their abstention on the package.

Resolution 076q - Fare Levels from Netherlands to Points in the Middle East

193 SV were opposed to the fare levels from the Netherlands to points in the Middle East as they appeared in the package. Although KL were reluctant to make further changes to the levels at this stage of the meeting, the package was amended to reflect levels acceptable to SV and to the Conference.

Resolution 042d - Establishment of Fares from Austria to Points in the Middle East

194 From Austria to the Middle East, except to Iran and Saudi Arabia, it was proposed to establish intermediate class fares equal to economy class in order to resolve a technical problem and to assist the system providers. ME still believed that a differential over economy class should be applied but LH pointed out that the economy class fares from Vienna were much higher than intermediate class fares from other European points. To this end, there was no commercial justification to further increase the fares.

195 BA had also been opposed to the proposal in principle because of the lack of a differential between the economy and intermediate class fares. They were aware of the high levels from Austria and pointed out that this was one reason why they required increases from the UK. Their own system providers could cope with this quotation situation but BA understood the technical difficulties experienced by LH. Although reluctantly, they would abstain on the proposal this year, provided an early expiry date of 30 March 1997 was attached to the Resolution and on the assumption that a better solution would be developed at the next Conference i.e. a differential applied to the intermediate class fares over economy class, even if this entailed a reduction in the economy class levels. An early expiry date was acceptable to the Conference and intermediate class fares from Austria to points in the Middle East except to Iran and Saudi Arabia, were included in the package equal to the economy class levels. On this basis, BA ME abstained on the issue.

Normal Fare Levels from Ireland, UK to Saudi Arabia

196 In view of the increase of 1% applied to fares from Saudi Arabia, BA advised that it was even more important for them to achieve higher increases from Ireland, UK. This was a high density route and they definitely required increases in revenue by way of increased first and intermediate class fares. SV reiterated that they could accept a 1% increase in first and intermediate class fares from Ireland, UK.

197 BA questioned why SV were discriminating against the UK and, as at every Conference, why they were requested to apply lower increases from the UK to Saudi Arabia. SV replied that this was because the fares were already very high from Ireland, UK, but BA considered this comment to be inaccurate. KL LH concurred with BA and added that it was because of the low fares from the UK versus those from the Continent that the Continental European carriers were forced to keep their fares at lower levels, notwithstanding their economically justified requirement to increase them.

198 In an endeavour to further progress the Conference, RJ pointed out to SV that the normal fares from Amsterdam to Jeddah were much higher than those from London to Dhahran or Jeddah. SV acknowledged that fares from other European points were higher than those from Ireland, UK and were prepared to accept a 2% increase in first class and intermediate class fares to Saudi Arabia.

199 BA advised that when they had abstained on the package which included the very low 1% increase from Saudi Arabia, it was on the understanding that the increases already in the package from Ireland, UK would remain. If they were to accept an amendment to that for a lower increase of 2% on intermediate class fares to Saudi Arabia, this would be conditioned on a 2% increase from Saudi Arabia, also on intermediate class fares. However, SV reiterated that they would not accept more than 1% increase from Saudi Arabia.

200 BA then advised that if they were to abstain on a 1% increase from Saudi Arabia, they would require a 3% increase on intermediate class fares from Ireland, UK to Saudi Arabia, which represented a compromise between SV's offer of 2% and BA's requirement of 4%. This was finally acceptable to SV and the package was amended to reflect a 3% increase on intermediate class fares from Ireland, UK to Saudi Arabia.

Fare Levels

201 The Chairman took a vote which revealed that AF BA IY KL LH OS SR SV were opposed to Resolution 003i, generally because of the absence of increases from Iran, Kuwait, Lebanon and also because of the insufficient increase from Saudi Arabia. IY were opposed to the 5% increase from Yemen. With regard to the fare levels from the Middle East, IR KU ME SV commented as follows:

From Iran

202 IR could not accept any increases from Iran. The most that IR could do was to explain the situation to their Management and to advise them of the consensus of the Conference that fares should be increased from Iran.

From Kuwait

203 KU advised that they would not, under any circumstances, accept an increase in fares from Kuwait at this Conference.

From Lebanon

204 The Chairman questioned ME as to whether they could accept even a 3% increase on fares from Lebanon. However, this was totally unacceptable to ME.

From Saudi Arabia

205 SV advised that fares from neighbouring countries were lower than those from Saudi Arabia and they had already accepted a 1% increase as a compromise. No amendment to the increase from Saudi Arabia was possible.

From the Middle East

206 In view of the apparent impasse, the Chairman questioned which carriers would be unable to accept the package and would block the agreement if further increases were not achieved. The opposing carriers commented as follows:

SR - would not accept the package based on the lack of increases from Iran.

OS - similar to SR, advised that the situation they were facing, where fares from Iran were 58% lower than fares from Austria, was untenable and they would not wish it to prevail until the end of March 1997.

AF - were satisfied with the package apart from the lack of increases from the Middle East. If the carriers' positions were immovable, AF would finally abstain rather than lose the entire package.

KL - saw the need for pragmatism and, given the choice between increases from the countries in question in the Middle East or no package, they would prefer to protect the package as developed. However, they would not entertain the prospect of that package being in place until 31 March 1997. To enable them to abstain they required an expiry date of 31 December to be attached to the package.

LH - similar to AF KL, LH felt it would be counter-productive to reject the package. However, as KL, they would be unable to accept its duration through 31 March 1997. They could possibly abstain if an expiry date of 31 December 1996 was attached to the package.

BA - as previous speakers, did not wish to lose the entire package; however, they did not believe it would be worthwhile to attend future conferences if carriers persisted with their status quo positions. BA were extremely concerned about the low fare levels from Iran which were 38%-40% below those from the UK, and this was obviously an unviable situation. They did not know how the industry could expect to maintain services on a route where it was impossible to obtain revenue.

- BA advised that they would most reluctantly abstain on the KL suggestion that an expiry date of 31 December 1996 be attached to the agreement.

207 Having heard the comments of the other carriers, both OS and SR advised that they would reluctantly abstain if they remained in sole opposition.

Fare Levels from Yemen

208 Although they no longer operated to/from Yemen, BA required an increase in the fares as they were more exposed to revenue dilution when interlining. They advised that they would accept a 3% increase but IY counterproposed 1%. The Chairman, after having taken a vote on 4% and received the same opposition from IY, advised during the final stages of the Conference that 3% would be included in the package on fares from Yemen.

Revisions to the Package

209 The Chairman took another vote on the package comprising the foregoing amendments, as follows:

- A 3% increase in intermediate class fares in Resolution 042d from Ireland, UK to Saudi Arabia;

- A 3% increase in intermediate class fares in Resolution 042d from Bahrain, Oman, Qatar, United Arab Emirates to Europe;

- A 3% increase from Yemen to Europe;

- An expiry date for the package of 31 December 1996 and, as a consequence of this, an expiry date of 30 December 1996 would be attached to the new intermediate class fares from Austria.

210 There was no opposition to the above amendments.

ADOPTION OF PACKAGE

211 The Chairman established that all opposition to the package had been removed. Accordingly he declared the PTC2 Europe-Middle East package adopted. The finally adopted Chairman's package is at Attachment 'C' and the finally adopted Resolutions are issued separately.

STAGGERING OF CONFERENCES

212 It was the view of the Secretariat that the operational efficiency of all concerned (governments, tariff publishers, airlines and Secretariat) could be much improved if Conferences and effective dates were to be spread more evenly throughout the year. About half of the Western Hemisphere meetings now adopt effectiveness dates for other than 1 April and an informal survey had suggested that for at least some Eastern Hemisphere Conferences, effective dates other than 1 April would be feasible, with a consequent possibility to schedule the meetings outside the traditional Fall period.

213 Following review by the Ninth Meeting of the Passenger Tariff Conferences Steering Group, Members were requested to consider the possibility of an effective date other than 1 April and, if agreed, the next regular meeting would be scheduled accordingly.

214 Discussion on this issue did not reveal any opposition to amending the effectiveness date of the Europe-Middle East agreement, but BA and SV were content with the current date of 1 April.

215 BA were not strongly opposed to the suggestion. However, while this date was not absolutely essential it did fit in with their financial year and they believed that other carriers also made revenue forecasts for the next year based on the financial year. Having said this, BA also experienced a build up of filings and they agreed that this build up was similarly experienced by governmental authorities. In summary, BA were not opposed to a change but the 1 April date was compatible with their financial year.

216 Similarly, SV were not opposed to a change but they favoured a 1 April effectiveness date.

217 AF suggested an effectiveness date of 1 January and that the Conference continue to be held in September. Further to their previous comments, BA believed that an effective date of 1 January would be the next most logical date, with the Conference held in August.

218 The Secretary pointed out that if certain Subareas moved to an effectiveness date of 1 January this would somewhat alleviate the situation but if too many Areas moved to that date, then the same build up would be experienced as for the 1 April date. Problems could also arise with the declarations of effectiveness over the Christmas period.

219 RJ suggested an effectiveness date of 1 October which would enable the Conference to be held by April/May. The Secretary believed that it would certainly improve the current situation with regard to the build up of filings if some of the Conferences could be held in the Spring and some in the Fall.

220 LH's prime concern was to speed up publication and to ensure that special fares were saleable as soon as possible and, to this end, they suggested that normal and special fares be separated in all adopted packages. They were considering ways in which this could be achieved, obviously taking account of the government approval side of the issue. However, their main objective was to achieve a more speedy implementation of fares changes.

221 The Secretary thanked carriers for their comments. At the end of the Fall Conferences when all Subareas had had the opportunity to comment on this issue, a summary of views would be prepared for submission to the Passenger Tariff Conferences Steering Group for review.

VOTE OF THANKS

222 On behalf of the Membership, Mr. S. Bitar (RJ) expressed his thanks to the Secretariat and to the Chairman for the efficient manner in which he had conducted the meeting in a reduced time frame. The Chairman expressed his thanks to delegates for their help in achieving an agreement and to the Secretariat for their assistance throughout the meeting.

CLOSE OF MEETING

223 Passenger Tariff Coordinating Conference 2 - Europe-Middle East, was adjourned at 1505 hours on Friday, 8 September 1995.

Tariff Coordination

13 October 1995

MEMORANDUM

TC2 Fares 1389

TO: Members Participating in Tariff Coordinating Conferences (SP-0760)

FROM: Director, Tariff Coordination

SUBJECT: TC2 Passenger Tariff Coordinating Conference
Geneva, 4 - 9 September 1995
TC2 EUROPE - MIDDLE EAST SPECIFIED FARES TABLES
Intended Effective Date: 1 April 1996

Attached are the TC2 Europe - Middle East Specified Fares Tables excluding to/from Israel and Jerusalem which were adopted at the above meeting. These Tables are the Attachments to the Resolutions circulated by Memorandum TC2 Reso/P 1804, dated 19 September 1995.

Members are requested to file these Fares Tables with their Government Authorities wherever necessary. Filing formalities with the US and Canadian Governments, as applicable, will be accomplished by IATA. The filing period for these Fares Tables ends on 20 November 1995.

For Members' information these Fares Tables will replace those issued under Memorandum TC2 Fares 1337, dated 18 November 1994.

for Richard A. Bauer

D017	Applicable conditions in Resolution 072d and on direct services only.
D018	These fares may not be used for SITI transactions. Travel must be commenced and completed 15 October - 14 March.
D021	Not applicable for travel via London. Night flights applicable for travel commenced and completed between 2000 hours to 0900 hours local time.

PREFACE TO ATTACHMENT 'A'TO RESOLUTION 079d
TC2 EUROPE-MIDDLE EAST

I. Explanation of Notes - Creative Fares

DZ03 Except as otherwise provided, this fare is subject to the conditions of Resolution 072d.

DZ04 When travel originates in Tunisia, destined for Khartoum or Kuwait, and return is via Jeddah, no stopover shall be permitted at Jeddah and passengers and baggage shall be through-booked/checked beyond Jeddah. Except as otherwise provided, this fare is subject to the conditions of Resolution 072d.

DZ05 Not more than one stopover outbound and one stopover inbound shall be permitted.

DZ07 Stopovers not permitted. Applicable only for groups of not less than 5 adult passengers. The total price of the tour shall not be less than 105% of the air fare used for the tour.

DZ08 Applicable only for groups of not less than 5 adult passengers. The total price of the tour shall not be less than 105% of the air fare used for the tour. Only one stopover either inbound or outbound in addition to point of turnaround.

II. Minimum Stay/Category

Except where otherwise stated 'Category 3' will apply to Minimum Stay periods shown in this Attachment. This category reads:

3 - Return journey from the last point outside the country of origin shall not be commenced until the "*th" day after the date of arrival at the first point outside the country of origin (date of arrival excluded).

The other categories are:

1 - Return journey from point of turnaround not to be commenced until the "*th" day after the date of departure from the point of origin (date of departure excluded).

2 - The transportation covered by the last flight coupon must not be commenced until the "*th" day after the date of departure from the point of origin (date of departure excluded).

* Insert the appropriate number as shown in the column 'days'.

III. Maximum Validity

Unless otherwise specified, the maximum validity of fares shall be one month (calendar month).

IV. Explanation Of One Months's Validity - Examples

(I). If outward journey is commenced on 15th June, return journey covered by the last flight coupon must be commenced not later than 15th July.

(ii) .Any journey commenced on the last day of a month, return journey covered by the last flight coupon must be commenced not later than the last day of the following month.
