58203 OST-99-5843-4

I am writing in response to the controversy of the time change from CST to EST. I think it would be great to have all areas on the same time frame *HOWEVER* Being a postal employee, I hear many customer complaints because of the time of their mail delivery. If the time goes from CST to EST, our mail delivery will be delayed one hour due to the fact that our mail comes from Somerset which is EST therefore their mail sorters begin work 1 hour and complete their duties and get the mail loaded on the truck & sent to Monticello where we begin work at 6 AM. If both counties are working on the same time our mail will not be ready to work nor will it arrive until nearly 7 AM.

I feel this would cause much concerns and complaints from County Residents unnecessarily. The County has functioned successfully on CST for X-amount of years so I vote <u>no</u> on the time change.
