Docket Management

Re: Docket # SMC SA
01-8410

(Dear) To Whom It Concerns,

I would like to protest the hiring of age's 18-19-20 year old boys or girls to drive these larger tractor trailers on our roads in Georgia or any other State. They are just not responsible at this age to drive these large monsters. There have been many, many, bad wrecks, and people killed in Ga. this yr. & also yrs gone by. Children are growing slower & slower into real adults. They are too many drugs & alcohol involved in todays young people. They are not responsible at 18-19-20.

My husband & I feel this is a real issue and we drive on the crowded

— over —

Hwys with these large tractor trailer so we know what we are talking about. The Atlanta area with route I 285 - 85 - 75 - and others are filled with ~~these~~ tractor trailer + also other large trucks day + night. Adding young men or woman in these dangerous trucks will only caused more deaths and more horrible accidents. I'm sure you will try to help keep this from happening. We would appreciate what ever you can do to keep our Hwys safe.

Sincerely,

Lulena + J. T. Williams
