Gentlemen:

This letter is to register my objection to your continued intrusion on my basic rights. I refer to your efforts to ban smoking.

How can you possibly presume that you have the right to tell me that I can no longer smoke except in those few places that you deem fit. Americans have been smoking for over 200 years and now, all of a sudden you people pull some inflated, unsupported facts out of the air and change tradition.

Yours truly
C. H. Noble
