OSHA Docket
Docket No. H-122
Room N-2625
200 Constitution Ave, N.W.
Washington, DC 20210

Gentlemen / Ladies,

I'm writing to express my opinion regarding the proposal to ban smoking in this country's workplaces. I feel it would be unfair to enact such a ban. It would violate smokers' constitutional rights and also be cost prohibitative to employers to provide separate rooms + ventilation system. In addition, public gathering places that could not afford such ~~facilt~~ facilities would most certainly lose business from those who smoke, and in this bad economy (especially here in the NJ/NY metro area), the results would be devastating.

As a smoker, I feel that ~~smoker~~ restrictions

3 31045

presently in place are already too harsh.
Designated smoking areas are, however,
preferable to the extremely harsh proposal.
Please do not enforce this proposed ban.
Our rights as smokers are being violated.
Thank you.
