Osha Docket
Docket No. H-122
Room N-2625
200 Constitution Ave, N.W
Washington DC 20210

9-93207

Dear Sirs;

When I started smoking when I was married - cigarettes were advertized as being good for you.

I feel designated smoking areas are the fair way to go -.

I do not light a cigarette if anyone objects for any reason, and even non-smokers comment (1) they feel the smoking bans are unfair, (2) drinking is much more hazardous to your health.

I have always been a non-drinker (I have lost 2 husbands to alcohol). Please worry about more serious problems, like hungry children in the USA, or education, or crime.

AUG 13 1994
