200 Constitution Ave NW – Room 2625  
Washington, DC 20210

DATE SEP 13 2002

TIME \_\_\_\_\_

*px-2-36-1*

Manitowoc Crane Group

ATTN: OSHA Cranes and Derricks Negotiated Rulemaking Advisory Committee,  
Reference July 16, 2002, Federal Register

To Whom it May Concern:

Manitowoc Cranes, Inc. (formerly Manitowoc Engineering Company), a division of the Manitowoc Company, is a manufacturer of mobile liftcranes, boom trucks, and tower cranes. I would like to submit the following individuals to represent the crane manufacturers' interests. If the selection is limited to one individual, Manitowoc respectfully submits a priority list on nominations:

- 1 Michael E. Brunet, Director – Product Support; member of AEM/CIMA Crane Technical Committee for SAE and ISO Standards
- 2 John Kennedy, Sales Director – Crawler Cranes, CCO Board Member and ACCSH subcommittee member
- 3 John Lanning, Executive Vice President - Application Engineering; member of ASME B30.5 Committee
- 4 Dennis Janda, Director - Product Engineering

If a person is not selected from the above list, it is requested that Manitowoc Cranes, Inc. be placed on the Committee's mailing list (reference paragraph II-B of the July 16, 2002 Federal Register reference).

I am very confident that each of the above individuals will serve the Committee's goal to revise and improve the safe use of cranes and derricks.

This letter will be faxed to 202-693-1648 and mailed to the Docket office.

Sincerely,

*Martin Lakes / vj*
