Mr. Jeffrey N. Shane  
Assistant Secretary for Policy  
and International Affairs  
U.S. Department of Transportation  
Office of the Secretary  
Washington, D.C. 20590

Dear Mr. Shane:

I am writing to support the proposal to expand international air service opportunities (Docket No. 46534).

I have heard of a good number of foreign visitors who found it to be a great inconvenience to have to use the Buffalo or Toronto airports in order to reach Niagara Falls. This included both tourists and business people. Niagara Falls has a good airport facility, and it is a shame that it is not used more frequently. The proposed rule would facilitate its use and be a boon to the economy of Niagara Falls.

Sincerely,

*Brian J. O'Connell, C.M.*
