

# Scientific Cylinder Corporation

*The Choice in Ultrasonic Inspection*

March 1, 2004

Mr. Mark Toughiry  
U.S. Dept. of Transportation  
400 Seventh St. S.W., Room 8430N  
Washington, DC 20590-0001

Dear Mr Toughiry:

This letter is to let you know that upon my termination I have removed myself from any further responsibilities with Scientific Cylinder Corporation, now known as Scientific Cylinder International. With my departure as the Level III SRT, I would like it to be known that I am **revoking** Jerry Conseen as a Level II in accordance to ASNT-TC-1A and to Scientific Cylinder written practice section 11.3. Under no circumstances is my signature on his Level II certification valid for his continued Level II status.

I wanted to make sure that DOT is aware of this. To regain his level II status he must be certified by the new SRT Level III.

If there are any questions, please contact me at home (303-840-6587).

Respectfully Submitted,

Kevin Harkreader  
ASNT Level III UT, MT, PT 50275
