Re: Docket No. 28154

Dear Mr. Gerchick:

I am an American Airlines pilot who opposes the NPRM to raise the retirement age above 60.

A survey showed that over 80 percent of my colleagues at American Airlines also oppose this change. It is only a small vocal group of pilots who want the rule changed, and do not speak for the majority of airline pilots in the U.S.

We must retain this rule for the safety of the traveling public.

I insist that the rule go unchanged.

Sincerely,

Susan Bradshaw
