RE: U.S. DOCKET #OST-99-6323-883

Dear Secretary Slater:

DEPT OF TRANSPORTATION

I am a retired employee of American Airlines/American Eagle writing to express my strong support for American Airlines' route application for Chicago-Shanghai and Chicago-Beijing service.

00 APR 19 12:12

Currently, the U.S.-China passenger market is restricted to just two carriers, which limits service options and competitive prices for consumers.

American's proposed service to China would add much-needed competition for both passengers and shippers, provide **one-** stop connecting flights from hundreds of cities in the U.S., and offer new opportunities for American's employees. I urge you to approve American Airlines' application.
