Docket No. H-122  
Room N-2625  
US Department of Labor  
200 Constitution Ave.

Dear Sirs:

I know that OSHA is considering new rules that would add even more government involvement with my business. I oppose. I'm talking about the sweeping smoking regulations that OSHA has recently proposed.

We small businesses already pay high taxes. We don't need the burden of new regulations like the ones you are considering. It hits business people like me, my family, and my customers. Americans like me resent too much government control, and this regulation is a good example.

Personally, I don't feel that it's a smoking issue. It's about freedom and my right to run my place of business the way I see fit.

I would like to know what action will be taken on the proposal.

Sincerely,

Mary Lowe
