To the Officials at OSHA:

I am opposed to the workplace smoking regulation. This is unfair to the smokers, and my business. It also violates individual freedom. My business is small enough, I don't need to lose more business to make it smaller! I do not need you telling me what to do in my own place of business. I pay taxes, and I have my rights in my business. I feel these restrictions are wrong, and OSHA needs to mind their own business not mine.

I want you to vote no. I would like to hear your thoughts on this letter.

Sincerely,

*Phyllis Cicchetti*
