OSHA Docket
Docket # H-122
Room N-2625
200 Constitution Ave. N.W.
Washington, DC 20210

Dear Sirs:

Please be aware of the fact that many business owners like myself oppose the new OSHA smoking proposal. I am against any new government regulations that could cost me and my business money.

We small businesses already pay high taxes. We don't need the burden of new regulations like the ones you are considering. This set of government regulations is unfair and intrusive to the American businessman.

Americans like me resent too much government control, and this regulation is a good example. There is a growing number of businesses like mine whose owners oppose these workplace smoking regulations.

I need for you to know how I stand on this.

As always,
