I RESENT the fact that you are trying to take away my right to smoke in public places!!! Under your regulations, I would have to smoke outside. This is a serious invasion of my personal rights to make choices from myself.

Everyone, including the government, has to set priorities. We have problems in this country which need attention that is being given instead to these attempts to regulate smoking.

What this all boils down to is TOO MUCH GOVERNMENT CONTROL!!! Your regulation would even limit my right to smoke in my own home. That is going too far. I should have the right to smoke if I choose.

Sincerely,

Shulee Schradtger
