Docket Office
Docket # H-122
US Department of Labor
200 Constitution Avenue, NW
Washington DC 20210

To Whom It May Concern:

I work in public relations and I am a smoker. I am writing this letter in opposition to OSHA's proposed regulations regarding smoking.

I have rights as a smoker. I should be able to smoke in public, especially in restaurants. I will keep smoking in my home. OSHA should NOT be involved in the smoking issue at all. We Americans pride ourselves on freedom of choice, and this is one area where our freedom should not be tampered with.

OSHA, take your rules and regulations elsewhere, and leave smokers alone.

Yours truly,

Marion Ramah
