RE: *Petition filed with the FDA by the National Women's Health Network
challenging the use of subcutaneous tocolytic infusion therapy*

Dear Dr. Kessler:

We continue to receive letter from the mothers we have supported during their complicated pregnancies. Each of them has a letter filled with compassion about their feelings regarding the petition filed by the National Women's Health Network.

Thank you for reviewing these letters and letting these mothers have a voice for themselves and their babies.

Sincerely,

Candace Hurley
