Dear Senator Humphrey:

The Congressional Liaison Office of the Department has asked us to thank you and reply to your inquiry of July 21, 1977, on behalf of Mr. Mark C. Bartosh, Heron Lake, Minnesota, concerning our announced intention to limit the use of certain antibiotics in animal feeds.

For your information, we enclose a paper presented by Commissioner Kennedy before the National Advisory Food and Drug Committee and a discussion paper on the subject matter. We believe the enclosed material will be responsive to the issue raised by your constituent.

If we can be of any further assistance, please let us know.

Sincerely yours,
