Subject waive the RFS

To EPA:

Below is a part of an email from Senator Thune of SD. We could not disagree with the Senators position on ethanol production more.

We beg of you WAIVE THE RFS!! Ethanol is causing major pain to the livestock industry, environment, and the national budget.

Again please WAIVE THE RFS !!

Regg and Penny Neiger
45720 212th street
Arlington , SD 57212

Senator Thune states:

"Ethanol opponents are trying to reduce the production of ethanol by encouraging the Environmental Protection Agency to waive the RFS. On April 26, 2008, an official waiver request was submitted to the EPA. If the waiver request is granted, the RFS would be reduced by up to 50 percent for 2008. The public now has 30 days to comment on the waiver and voice the importance of ethanol to our agriculture community and energy security. "
