To Whom It May Concern:

This letter is written to express the appreciation and need for the SCSEP Program in Baltimore City. As a supervisor of the Congregate Housing Program at [REDACTED] Apartments, it is a daunting task to fill available positions with qualified staff due to the unique attributes of the job qualifications. The SCSEP program gives me the opportunity to provide on the job training to participants for these positions, who otherwise would not qualify for them. As a result, I have been able to hire two SCSEP participants as [REDACTED] employees over the past two years.

This program is a valuable community service to its participants, host agencies and the many diverse communities it serves. The SCSEP program truly makes a difference in the lives of many Baltimoreans.

Sincerely,

[REDACTED]
